Mr. J. Edgar Hoover, Director,
Federal Bureau of Investigation,
U. S. Department of Justice,
Washington, D. C.

Dear Sir:

Enclosed is an application blank for appointment to the Federal Bureau of Investigation. This was obtained from the office of the Dean of the College of Law, Thomas F. Konop, of the University of Notre Dame. In June of this year, I receive my degree from the College of Law, having completed a three-year law course. In June of 1939, I received my degree from the Commerce School of the same University, having majored in accounting and finance and taking courses in investments, public utilities, and coporate structures. I am taking the Indiana Bar Examination in July of this year.

I would certainly appreciate any consideration you might give me or my application blank. And may I thank you in advance for your consideration of my letter.

Respectfully yours,

E. H. Winterrowd

6. GENERAL IMPRESSIONS OF APPLICANT: THE APPLICANT IS TWENTY-FOUR YEARS OF AGE, SINGLE, WAS BORN IN FT. WAYNE, INDIANA, HAS NO RELATIVES IN THE FEDERAL SERVICE. HIS PARENTS WERE BOTH BORN IN THE UNITED STATES AND HE IS THE ONLY CHILD. HE COMPLETED HIGH SCHOOL IN FORT WAYNE IN 1934 AND HAS BEEN ATTENDING NOTRE DAME UNIVERSITY SINCE SEPTEMBER, 1934, RECEIVING A B.S.C. DEGREE IN 1939 IN COMMERCE AND ACCOUNTING AND WILL RECEIVE HIS LL.B. DEGREE IN JUNE, 1940. HE EXPECTS TO TAKE THE BAR EXAMINATION IN JULY, 1940. HE HAS HAD AVERAGE GRADES WHILE IN LAW SCHOOL.

THE APPLICANT HAS WORKED AT DIFFERENT JOBS EVER SINCE HE WAS ELEVEN YEARS OF AGE, FOR HIS FATHER IN THE CLOTHING STORE BUSINESS, SELLING COCA COLA FROM HOUSE TO HOUSE, DURING HIGH SCHOOL, IN AN ICE CREAM PARLOR DURING THE SUMMER TIME. IT IS DOUBTFUL WHETHER HE CAN PASS A PHYSICAL EXAMINATION IN HIS PRESENT CONDITION SINCE HE HAS FOR THE PAST FOUR YEARS SUFFERED FROM SINUS INFECTION WHICH HAS CAUSED HIM TO HAVE TWO RATHER SEVERE ATTACKS EACH YEAR. HE HAS BEEN TOLD THAT A CHANGE OF CLIMATE FROM SOUTH BEND, INDIANA, WILL CLEAR UP THIS SINUS INFECTION. HE IS NOT AT ALL ROBUST BUT ON THE OTHER HAND DOES NOT GIVE THE IMPRESION OF BEING A WEAKLING.

IF THIS INDIVIDUAL IS ABLE TO PASS THE PHYSICAL EXAMINATION FOR BUREAU ENTRANCE, I BELIEVE THAT HE WOULD BE DESIRABLE AS A SPECIAL AGENT IN THE BUREAU AND I SO ADVISED THE BUREAU BY TELEGRAM ON MAY 28, 1940.

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE:

RE: EARLL H. WINTERROWD
APPLICANT - SPECIAL AGENT

EARLL H. WINTERROWD CALLED AT THE SPINK ARMS HOTEL WHERE THE WRITER WAS SITTING IN THE LOBBY. MR. WINTERROWD WAS OBSERVED TO APPROACH THE DESK AND ASK FOR THE WRITER UNDER THE NAME OF E. J. WILLIAMS AND HAD THE WRITER PAGED. HE INTRODUCED HIMSELF TO THE WRITER IN A RATHER FRANK MANNER AND STATED THAT HE WOULD APPRECIATE HAVING A FEW MOMENTS OF THE WRITER'S TIME IN ORDER TO INTERVIEW HIM RELATIVE TO A MR. [redacted] WHO WAS AN APPLICANT FOR A POSITION WITH THE FBI. b6 b7C

DURING THE EARLY STAGES OF THE INTERVIEW, MR. WINTERROWD WAS VERY ILL AT EAST, APPARENTLY DUE TO SOME NERVOUSNESS. HOWEVER, AS THE INTERVIEW PROGRESSED, THIS NERVOUSNESS LEFT HIM AND HE CONDUCTED THE INTERVIEW IN A VERY BUSINESSLIKE MANNER. HE ASKED QUESTIONS IN A LOGICAL SEQUENCE AND ON THE WHOLE IT WAS APPARENT THAT HIS OBJECTIVE WAS TO FIND OUT ALL INFORMATION IN THE WRITER'S POSSESSION RELATIVE TO THE APPLICANT ABOUT WHOM HE WAS INQUIRING. THE WRITER HAS REVIEWED THE MEMORANDUM SUBMITTED BY MR. WINTERROWD AND IT COVERS SUBSTANTIALLY ALL THE INFORMATION FURNISHED TO HIM BY THE WRITER RELATIVE TO THE APPLICANT.

AS STATED, HE WAS SOMEWHAT NERVOUS DURING THE EARLY STAGES OF THE INTERVIEW. HOWEVER, WHEN THIS NERVOUSNESS LEFT HIM, HE DID CONDUCT THE INTERVIEW IN AN EASY MANNER AND IT IS THE WRITER'S OPINION THAT WITH JUST A LITTLE MORE EXPERIENCE HE WOULD BE ABLE TO CONDUCT A COMPLETE INTERVIEW WITHOUT ANY SIGNS OF NERVOUSNESS. HE CREATED A GOOD IMPRESSION ON THE WRITER AND IT IS THE WRITER'S BELIEF THAT AS STATED WITH A LITTLE EXPERIENCE HE WOULD DEVELOP INTO A VERY GOOD INTERVIEWER. MR. WINTERROWD APPEARED TACTFUL DURING THE INTERVIEW.

IN THE WRITER'S OPINION IT IS BELIEVED THAT MR. WINTERROWD DOES POSSESS A GREAT MANY OF THOSE QUALITIES WHICH SHOULD MAKE HIM A SUBJECT FOR CONSIDERATION FOR THE POSITION OF SPECIAL AGENT IN THIS BUREAU.

RESPECTFULLY SUBMITTED,

EARL J. WYNN

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE:

RE: INTERVIEW WITH E. J. WILLIAMS CONCERNING APPLICANT FOR THE FBI, [redacted] b6 b7C

I FOUND MR. WILLIAMS IN THE SPINK ARMS HOTEL. MR. WILLIAMS' ACQUAINTANCESHIP HAS BEEN OVER THE PERIOD OF FOUR AND ONE-HALF YEARS, APPROXIMATELY, WITH THE APPLICANT. HE MET APPLICANT WHILE WORKING IN THE AUDITOR'S OFFICE OF THE BIG FOUR RAILROAD COMPANY IN CINCINNATI. AT THAT TIME THE APPLICANT WAS WORKING AS A CLERK AND STENOGRAPHER IN THIS AUDITOR'S OFFICE. THE APPLICANT WAS AROUND TWENTY AT THE TIME HE ENTERED INTO THE EMPLOYMENT OF THE BIG FOUR COMPANY. EVIDENTLY HE WAS JUST OUT OF HIGH SCHOOL OR HAD SPENT TWO YEARS IN COLLEGE, APPROXIMATELY. HE WAS MARRIED ABOUT A YEAR AFTER HE CAME WITH THIS BIG FOUR COMPANY AND DURING HIS EMPLOYMENT HE WENT TO NIGHT SCHOOL, TAKING UP THE SUBJECT OF LAW. THE REFERENCE DID NOT KNOW WHICH SCHOOL THIS WAS, AS THERE ARE SEVERAL UNIVERSITIES IN CINCINNATI AND ALSO NIGHT SCHOOLS THERE. HE WAS A RESIDENT OF COVINGTON, KENTUCKY, WHICH IS ACROSS THE RIVER FROM CINCINNATI WHERE THIS REFERENCE ALSO LIVED, BUT NOT NEAR TO THE APPLICANT BECAUSE HE HAD NEVER BEEN IN THE HOME OF THE APPLICANT. THE APPLICANT OBTAINED HIS POSITION THROUGH HIS FATHER WHO WAS AN ENGINEER ON THE BIG FOUR. THE REFERENCE STATED EVIDENTLY IT WAS BECAUSE HE KNEW ONE OF THE EXECUTIVES OR DEPARTMENT HEADS THERE THAT HE GOT IN. THE APPLICANT COMES FROM A LARGE FAMILY WHERE THERE WERE FOUR OR FIVE YOUNGER BROTHERS AND HIMSELF, WHICH THE REFERENCE EVIDENTLY THOUGHT REQUIRED THE APPLICANT TO FINANCE HIMSELF.

AS TO THE PERSONAL HABITS HE WAS HIGHLY AMBITIOUS. HE WANTED TO PRACTICE LAW AND HE WORKED VERY HARD AS EVIDENCED BY HIS EMPLOYMENT WHICH TOOK UP EIGHT HOURS OF THE DAY AND THEN HIS GOING TO LAW SCHOOL AT NIGHT. THE REFERENCE DID NOT KNOW HOW MUCH MORE THE APPLICANT OCCUPIED HIMSELF WITH HIS SCHOOL WORK AND STUDYING. THE REFERENCE STATED HE WAS OF THE AVERAGE TYPE ALTHOUGH AMBITIOUS. APPARENTLY HE WAS NOT THE NERVOUS TYPE, ALTHOUGH HE COULD GET DISGRUNTLED WHEN THINGS WENT WRONG. TO QUOTE THE REFERENCE HE "NEVER SAW ANY FLIPPANCY OF THE APPLICANT."

AS TO THE APPLICANT'S PHYSICAL APPEARANCE HE WAS APPROXIMATELY SIX FEET TALL AND OF AVERAGE BUILD AND APPARENTLY HE WAS IN GOOD PHYSICAL CONDITION AND AT THE TIME HE HAD PASSED A PHYSICAL EXAMINATION WITH THE BIG FOUR. HE WAS A CONSERVATIVE BUT NEAT DRESSER. TO SUM UP THE OPINION THE REFERENCE GAVE, THE REFERENCE PLACING HIMSELF IN THE POSITION OF AN EMPLOYER, HE SAID THE APPLICANT WOULD MERIT CONSIDERATION; THAT HE WAS ALWAYS EFFICIENT AND BUSY IN HIS WORK WITH THE BIG FOUR RAILROAD COMPANY; AND THAT HE DID NOT SEEK MUCH OUTSIDE ENTERTAINMENT AND PLEASURE SINCE EVIDENTLY HE DID NOT HAVE ENOUGH TIME AND THAT THE REFERENCE NEVER SAW THE APPLICANT DRUNK BUT THAT HE DID NOT FROWN UPON DRINKING. THE REFERENCE WAS ALSO INTERESTED IN THE WELFARE OF THIS YOUNG MAN PURELY AS A FRIEND AND WANTED TO KNOW AS TO THE PROGRESS OF THE APPLICANT.

Interviewed and examined at Indianapolis, Indiana, May 26, 1940.

Recommendation: Favorable.

Interviewing Official B. E. Sackett reports that applicant has an excellent personal appearance and approach; dresses neatly; has ordinary features; a good personality; is well-poised; has average speech; is self-confident and tactful; answers general questions quickly; appears resourceful and to have executive ability and is likely to develop; however, he has not studied Federal Procedure and has had no investigative experience. Mr. Sackett states applicant handles himself very well, expresses himself well, has a rather pleasant personality and possesses good intelligence. He appears to be even tempered, has perseverance and imagination. He is quite a bit underweight apparently since he is 6 feet, 1½ inches in height and weighs 160 pounds. He advises he has been underweight for a number of years. However, the doctors say he is in good physical condition. It is doubtful whether he can pass a physical examination in his present condition since he has for the past 4 years suffered from sinus infection, under his left eye mostly, which makes him talk with a nasal twang. He has had two rather severe attacks each year. He has been told that a change of climate from South Bend, Indiana, will clear up this sinus infection. He is not at all robust but on the other hand does not give the impression of being a weakling. If applicant is able to pass the physical examination for Bureau entrance, Mr. Sackett believes that he would be desirable as a Special Agent in the Bureau.

Applicant was afforded a special interview test interviewing Special Agent Earl J. Wynn, who reported that applicant introduced himself in a rather frank manner. During the early stages of the interview, applicant was very ill at ease, apparently due to some nervousness. However, as the interview progressed, this nervousness left him and he conducted the interview in a very businesslike manner. He asked questions in a logical sequence and on the whole it was apparent that his objective was to find out all information in Agent's possession relative to fictitious applicant. Applicant's memorandum covers substantially all the information furnished to him by Agent relative to fictitious applicant. Although somewhat nervous at first, when this nervousness left him, applicant conducted the interview in an easy manner and it is Agent Wynn's opinion that with just a little more experience, applicant would be able to conduct a complete interview without any signs of nervousness.

He created a good impression on Agent and it is Agent's belief that with a little experience he would develop into a very good interviewer. Applicant appeared tactful during the interview. In Agent's opinion, it is believed that applicant does possess a great many of those qualities which should make him a subject for consideration for the position of Special Agent in this Bureau. Applicant received the rating of "good" in his dictation test.

Related experience: Applicant was employed as a bookkeeper for a shoe store during the fall and winter of 1936 and as a bookkeeper for a furniture store in the spring of 1937.

Applicant's physical report has been requested.

Details: Criminal and Credit History

AT SOUTH BEND, INDIANA

Lieutenant HAROLD A. WHITMER, Record Bureau, South Bend Police Department, consulted their files and advised that applicant was arrested on June 6, 1939, for an overtime parking violation, no disposition of this case being given; that applicant was again arrested on July 14, 1939, for running a stop sign, for which offense he was fined $1.00; that on February 9, 1940, applicant was involved in an automobile accident at the corner of Colfax and Notre Dame Avenues in South Bend, South Bend police department case #All,468. A review of this case indicated that the automobile which applicant was driving skidded on the ice into a car driven by Mr. [redacted] South Bend, Indiana, causing damage totalling $10.00 to the car applicant was driving and $50.00 to Mr. [redacted] car, the file indicating that the accident was applicant's fault. b6

With reference to the above automobile accident, agent telephonically communicated with Mr. M. A. RASLER, who advised that the above accident was undoubtedly applicant's fault in view of the fact that applicant was obviously traveling at an excessive rate of speed for icy pavements; that applicant actually skidded into his car and not the reverse; that applicant readily admitted his fault in the matter; that no unpleasantness or trouble developed between the two parties in connection with the accident; that applicant paid damages to his car amounting to approximately $25.00, it being indicated that there was no insurance in effect at the time on the car which applicant was driving.

Mr. RAY B. HUBER, South Bend Retail Credit Bureau, 509 City Bank Building, after consulting their files, stated that they contained no credit history for applicant. However, a credit history was located for applicant's parent, Mr. EARLL S. WINTERROWD, wife, ROSE. The file indicated that this family had formerly lived in Ft. Wayne where EARLL S. WINTERROWD had operated an exclusive men's shop for a period of ten years, failing in this business during 1932 or 1933; that the family first moved from Ft. Wayne to South Bend in 1935; that the family consisted of the mother, father, and one son; that EARLL S. WINTERROWD was employed as a salesman for eight months by Gilbert's Clothing Store in South Bend, as manager of the men's department at $60.00 per month by RENFRANZ RASMUSSEN, gentlemen's

tailors, for three years, from 1935 to 1938, and is presently owner or part owner of a men's ready-to-war department dealing in Adler Rochester Clothes, this association being with Mr. JOHN PARKER, tailor, 115½ North Main Street. To agent's knowledge, applicant's father is presently associated in the firm known as Parker - Winterrowd, tailors, 115½ North Main Street in South Bend, this association having existed in one form or another since 1938.

The files of the credit bureau further indicated generally that the credit history of applicant's father in Ft. Wayne was slow but unfortunate, some accounts being paid in six months and even longer, possibly part of this delinquency being caused by the father's failure in business. Several accounts of applicant's father were forwarded from Ft. Wayne to the South Bend Retail Credit Bureau for collection. The total of these accounts was in the neighborhood of $300.00, and agent was advised that a note had been given by EARLL S. WINTERROWD to retire these outstanding debts, one of them being a doctor's bill for $32.00 which had remained unpaid for six or eight years; that all delinquent debts carried over from Ft. Wayne were presently being paid satisfactorily under a constructive program and would be entirely retired shortly. The credit history of EARLL S. WINTERROWD at South Bend has been fair, one account of $4.00 having remained unpaid for a period of six months, but the largest account, a $200.00 loan, having been paid off in one year as agreed. The credit history of applicant's father has been discussed rather extensively to reflect the credit standing of applicant's family inasmuch as applicant has been attending school during most of his career so far and his only credit history has evidently been absorbed in his family's history.

Education

Miss ESTHER L. CARRICO, Secretary to the Director of Studies, University of Notre Dame, permitted agent to review their file relating to applicant. This file indicated that EARLL HUGO WINTERROWD, 532 South Carroll Street, South Bend, Indiana, father's name EARLL S. WINTERROWD, was born May 23, 1916, at Ft. Wayne, Indiana; that he entered the College of Commerce at Notre Dame on September 11, 1934, taking a pre-legal course and majoring in accounting; that applicant received a B.S.C. degree on June 4, 1939, and an LL.B. degree on June 2, 1940, maintaining a scholastic average for seven semesters, on the basis of which his B.S.C. degree was awarded, of 84.81%.

During his six years at Notre Dame, applicant maintained a scholastic average of 84.8% and received the following scholastic averages by semesters:

School Year	First Semester	Second Semester
1934-35	88.3%	87.6%
1935-36	87	83.3
1936-37	81.5	84
1937-38	81	82.3
1938-39	85	86.5
1939-40	84	87

(Scholastic average for six years at Notre Dame -- 84.8%)

In connection with the awarding of degrees at Notre Dame, it should be noted that the university offers two degrees in six years, the B.S.C. or A.B. degree being awarded at the end of five years if the student goes on to law school, in which case the LL.B. degree is awarded at the end of six years. This course offering the two degrees in six years was the course taken by applicant.

During his six years at Notre Dame, applicant did not fail in any subject and received a grade of 90% or better in the following subjects:

French II	95%
English Literature	92 & 96
Commercial French	90
English II N	90
Law - Evidence	90
Law - Domestic Relations	93
Law - Wills & Administration	90
Law - Trade Regulation	90
Law - Conflicts	92
Law - Landlord & Tenant	94

It would appear that applicant's scholastic standing improved rather than the contrary upon his entrance into law school in view of the fact that he attained higher grades in law school than in undergraduate school.

The records at Notre Dame indicated that when applicant received his B.S.C. degree on June 4, 1939, he

was ranked 210th out of a class of 538; that when he received his LL.B degree on June 2, 1940, he was ranked 22nd out of a class of 37, the graduating class of the Notre Dame Law School this year.

In the files at Notre Dame, agent found a transcript of applicant's scholastic credits from South Side High School at Ft. Wayne, applicant being identified at HUGO WINTERROWD at that institution. This transcript indicated that applicant attended South Side High School from September 8, 1930, to June 8, 1934; that he was born May 23, 1916, and graduated from this high school ranked 27th in a class of 328; that he graduated with 17½ scholastic credits. In connection with this transcript, Mr. R. NELSON SNIDER, principal of South Side High School, rated applicant as follows for the benefit of the authorities at Notre Dame:

Rated average in Scholastic zeal (Love of Study)
" " " Aptitude (Ability to Learn)
" " " Initiative (Originality & Resourcefulness)

Rated above average in Integrity (Honesty, Reliability & Loyalty)
" " " " Social Adaptability (Leadership, Co-operation & Friendliness)

In his application for admission to Notre Dame, applicant indicated that he was born May 23, 1916, at Ft. Wayne, Indiana; that he was a Methodist by religion; that he attended Harrison Hill Grade School at Ft. Wayne, Indiana; and gave Dr. SAMUEL COLLEN, 1134 West Berry Street, Ft. Wayne, Indiana, as an additional reference (possibly the doctor at Ft. Wayne to whom applicant's father had owed a bill of $32.00 for a period of years).

The Notre Dame year book for 1939, entitled "The Dome," reflected a picture of applicant and the following extra-curricular activities:

Law Club
Villagers Club
Inter-hall football

It might be noted that the Villagers Club is an organization of boys from South Bend attending the University of Notre Dame. The 1940 Notre Dame year book failed to reflect a photograph or any information regarding applicant, except that his name was listed as a graduate from the Notre Dame Law School.

The records in the comptroller's office at Notre Dame indicated that all of applicant's university bills had been paid satisfactorily; that he received student aid in the amount of

$120.00 during the school year 1937-1938, for taking care of and assisting a blind student by the name of [redacted] while this student was on the campus and attending classes. The files in the office of the prefect of discipline at Notre Dame failed to reflect that applicant had been subjected to any disciplinary action during his six years' attendance at Notre Dame, it being noted that the rules and regulations for conduct and behavior at Notre Dame are probably more strict than on any other college or university campus in the United States. b6

The following members of the faculty and administration at the University of Notre Dame upon interview favorably recommended applicant and, individually, failed to supply any adverse or derogatory information regarding this applicant:

Rev. J. LEONARD CARRICO, Director of Studies
Mr. JAMES E. McCARTHY, Dean of the College of Commerce
Mr. THOMAS F. KONOP, Dean of the College of Law
Mr. CLETUS F. CHIZEK, Professor of Accounting
Mr. HOMER Q. EARL, Professor in the Law School
Mr. CLARENCE E. MANION, Professor in the Law School
Mr. WILLIAM D. ROLLISON, Professor in the Law School
Mr. ELTON E. RICHTER, Professor in the Law School
Mr. JAMES L. KEARNEY, Professor in the Law School
Mrs. IRENE KEEFE, Secretary in the office of the Director of Studies

Employment Record

Mr. W. R. REED, Operating Superintendent, Sears, Roebuck and Company, 429 South Michigan Street, consulted his records and advised that applicant had been employed off and on as extra help in the capacity of a sales clerk in the men's furnishing department from December of 1938 up to the present time; that, according to the records, applicant was actually employed on the following dates in the men's furnishings department:

December 12, 1938, to December 24, 1938, inclusive
April 1, 1939
April 8, 1939
December 2, 1939, to, and including, December 23, 1939
(Saturdays and during Christmas holidays)
March 16, 1940
May 15, 1940

It should be noted that applicant was working on the day agent called at the Sears, Roebuck and Company, it being the

first day applicant had worked at this store for several months and since his graduation from the Law School at Notre Dame. Both Mr. REED and Mr. L. R. LAUCK, Manager of the Men's Furnishings Division, favorably recommended applicant, stating that his work had been very satisfactory and much above-the-average at Sears, Roebuck and Company.

Mr. FRED J. EBELING, Paymaster, Drewery's of U.S.A., Ltd., 1408 Elmwood Avenue, stated that applicant had been employed as a laborer at $31.00 per week in their bottling department under TOM HEDRICK, superintendent, from June to September of the years 1937, 1938, and 1939; that applicant on each occasion, and in September of 1939, had voluntarily quit work in order to return to school at Notre Dame. Both Mr. EBELING and Mr. TOM HEDRICK, superintendent of the bottling department, favorably recommended applicant as a fine, conscientious, industrious, and personable young man, stating that his work at the Drewery Brewery had been entirely satisfactory.

It should be noted that the application filed by applicant at Sears, Roebuck and Company reflected additional employment with G. C. Gambill, Furniture Store, South Lafayette Boulevard, in South Bend, which concern is presently out of business, making it impossible for agent to check applicant's employment record with that concern. The files of Sears, Roebuck and Company also indicated that applicant had previously been employed by the Northern Indiana Public Service Company, Hammond, Indiana. In the files of Sears, Roebuck and Company, agent found a letter, addressed to Sears, Roebuck and Company, from Mr. W. H. KUSSMAUL, Manager of Industrial Relations, Northern Indiana Public Service Company, Hammond, Indiana, reflecting that applicant was employed as a clerk, part time, in the auditing department of the Northern Indiana Public Service Company, at 307 North Michigan Street in South Bend, from October 4, 1937, to March 31, 1938; that applicant's work in this capacity had been entirely satisfactory; and that applicant had discontinued this employment because no further work was available. Because of the lateness of the hour, after 6:00 P.M. on Saturday night, agent was unable to make a direct check on the above employment. Due to the fact that a satisfactory record on this part-time employment by applicant has already been located and because of the expedite nature of this investigation, no further check will be made of this particular item of employment record through the Northern Indiana Public Service Company at South Bend or Hammond, Indiana, unless specifically requested to do so by the Bureau.

Miss GENEVIEVE SHIDLER, Employment Manager, Robertson Brothers Department Store, Inc., 211 South Michigan Street,

consulted her records and presented an application from applicant, which reflected that he was born on May 23, 1916; that his Social Security Number was 317-05-7,576, this application reflecting no employment record for applicant not already known to the Bureau. Miss SHIDLER further consulted her records and advised that applicant had worked as an extra sales clerk in their Men's Furnishings Department on several Saturdays during the fall of 1937, and on only one Saturday, according to their records, during the fall of 1938, pointing out that her records indicated that applicant had performed satisfactorily in this capacity. Mr. THOMAS J. LYNCH, Sales Promotion Manager, readily recalled applicant in view of the fact that he had previously been Employment Manager at this store, and not only favorably recommended applicant for the position sought, but stated that applicant's employment at Robertson's Department Store had been entirely satisfactory to his knowledge.

By consulting the South Bend City Directory for 1936, agent ascertained that the LaSalle Furniture Company was then located at 234 North Michigan Street, South Bend, Indiana, Mr. SCHUYLER L. SAVAGE, President, Mrs. GRACE R. SAVAGE, Secretary and Treasurer. The 1937 South Bend City Directory fails to list this concern, indicating that it had failed sometime during the periods between which these two directories were issued. The 1940 South Bend City Directory fails to list either SCHUYLER L. SAVAGE or Mrs. GRACE R. SAVAGE as presently residing in South Bend, so that agent was unable to verify applicant's employment by this store as a bookkeeper during the spring of 1937.

Mr. C. E. RICHMAN, bookkeeper, P. O. Kuehn Shoe Store, 120 South Michigan Street, consulted his records and advised that applicant had been employed part time as a bookkeeper and sales clerk from September 7, 1936, to November 21, 1936, working approximately 25 hours per week, at the rate of 30¢ per hour. Mr. RICHMAN stated that applicant had held this job while attending the University of Notre Dame; that his work had been entirely satisfactory; and that such employment was terminated because an older, full-time employee of their concern had returned from out of town, making no further work available for applicant. Mr. PAUL O. KUEHN, owner of the P. O. Kuehn Shoe Store, stated that he readily recalled applicant, considered his work at the Kuehn Shoe Store as entirely satisfactory, and favorably recommended this applicant.

Mr. R. E. FLEMING, President and General Manager, Fleming Ice Cream Corporation, 120 East Sample Street, readily

recalled applicant, but stated that their employment records would not contain anything regarding this applicant. However, from memory, Mr. FLEMING stated that applicant had been employed by the Fleming Ice Cream Corporation as a part-time soda clerk at their retail store, at 1021 South Michigan Street in South Bend, at 26¢ per hour, during the spring and summer of 1936. Mr. FLEMING did not recall that applicant had been employed by his concern anytime during 1935. Mr. FLEMING stated that applicant was a high-class young man; that his work had been entirely satisfactory, applicant being the most courteous employee they ever had, and favorably recommended applicant for the position sought.

References

The following references, upon interview, favorably recommended applicant and were unable to supply any adverse or derogatory information regarding him:

Mr. K. G. KING, 518 West LaSalle St., South Bend, Ind.
Mr. J. BURKE, 124 East Napoleon Blvd., South Bend, Ind.
Dr. M. E. WHITLOCK, 2530 Riviera Drive, Mishawaka, Ind.

It developed that Mr. BURKE is the landlord of the WINTERROWD family, owning the double house in which they live at 532 South Carroll Street at South Bend. Dr. WHITLOCK is the family doctor of the WINTERROWD family and stated that, to the best of his knowledge, applicant is in the finest of physical condition, having been somewhat slender with a suspicion of tuberculosis several years ago, but having filled out considerably since that time. Dr. WHITLOCK stated that he had never found any trace of tuberculosis or consumption after a careful examination of applicant. All the references indicated that applicant's parents had not spoiled him as was often the case with an only child. Likewise, all references strongly stressed the fine, sound family background of applicant.

Miscellaneous Information

In connection with the investigation of this applicant, it should be noted that his father, EARLL SYLVESTER WINTERROWD, was named as a suspect in connection with an extortion case in the Indianapolis office entitled: "UNKNOWN SUBJECT; Gilbert's Clothing Store, South Bend, Indiana," Indianapolis file #9-138. This report reflects that applicant's father was employed as a salesman for eight months by Gilbert's Clothing Store. Evidently

some trouble or unpleasantness developed between EARLL SYLVESTER WINTERROWD and the management of Gilbert's Clothing Store for the management of the store suggested EARLL SYLVESTER WINTERROWD as a suspect in the above-mentioned case. In the subsequent investigation of the case, a handwriting specimen was obtained from EARLL SYLVESTER WINTERROWD, which was submitted to the Technical Laboratory at the Bureau for comparison with the extortion letter involved in the above case. The Technical Laboratory indicated that EARLL SYLVESTER WINTERROWD had not written the questioned document in the above case, and no further evidence was developed by investigation indicating the implication of EARLL SYLVESTER WINTERROWD in this extortion case. However, in the course of this investigation, several persons informed agent that applicant's father talked too much, but asked that the father's activities not be held against applicant.

Mr. RAY B. HUBER, South Bend Retail Credit Bureau, 509 City Bank Building, previously mentioned in this report, stated that he had attended the University of Notre Dame with applicant for a period of two years; that he considered applicant smart, well-liked, and industrious; that, although he did not personally care for applicant, he certainly would recommend applicant favorably for the position sought. According to HUBER, applicant's mother was a Catholic and he believed that applicant was presently studying to become confirmed in the Catholic Church.

Neighborhood Investigation

A thorough and complete neighborhood investigation was conducted by agent in the vicinity of 532 South Carroll Street, South Bend, Indiana. It is evident that applicant and his family do not associate to any great extent with their neighbors, having friends in other sections of the city, and are not too well known by their neighbors although they have apparently lived at this same address since 1935. No unfavorable information regarding applicant or his family was developed in connection with this neighborhood investigation.

It should be noted that applicant and his family reside in a large double house, containing quarters for four families, which house is a frame dwelling in excellent condition, located on a well-paved street in a modest neighborhood in the south-central portion of the City of South Bend. From investigation of this case, it is probably true that applicant's father

was worth considerably more than at present financially some years ago before he failed in business at Ft. Wayne, Indiana. The investigation indicated that applicant's family was of very modest financial circumstances at present and their present living quarters, as well as the neighborhood in which they reside, would tend to confirm the truth of that situation, applicant's family apparently making no effort to live beyond their present means.

The following investigation was conducted by Special Agent WILLIAM H. DOYLE:

AT FORT WAYNE, INDIANA

The records of the South Side High School which were furnished through the courtesy of R. NELSON SNYDER, principal, revealed that applicant WINTERROWD had entered high school in September of 1930 and graduated in June of 1934; that he was born on May 23, 1916. The records further revealed that applicant's scholastic record for the four years was 92.5% and that his relative standing in his class was twenty-seventh highest out of the graduating class of 332 students; also that applicant was active in the following extra-curricular activities:

The Wranglers Club, a public-speaking organization
The Student Players
The French Club
The Fifteen Hundred, a publication
The Times
and was also active in the senior play

Mr. SNYDER stated that he was personally acquainted with applicant and knew his family and was acquainted with the fact that his family were well-respected people and that applicant himself was a person of good character and habits and in his opinion above the average person in ability.

REFERENCES

Dr. W. E. THORNTON, physician at the Lincoln National Insurance Company, advised that he was well acquainted with applicant; that applicant before he moved from Fort Wayne kept steady company with his daughter; that applicant and his daughter broke up after an argument of some kind but that even after his daughter and applicant had broken up, he had never heard his daughter say anything derogatory concerning him. He also advised that in his opinion applicant is a bright young fellow, making an excellent appearance, is a good dresser and as far as he knows is a man of clean habits. He also advised that he would recommend applicant for a position in his company if applicant requested him to do so.

Mr. J. L. MUELLER, 4008 Indiana Avenue, was unavailable for interview but his son, Mr. JACK MUELLER, who has just completed graduate work at Harvard University, advised that applicant was his best friend for about twelve years during the time applicant lived in Fort Wayne, and for this reason he was intimately acquainted with him. He stated that applicant was a good student, was not brilliant

but attained his high scholastic averages through perseverance and hard work; also that applicant was a sincere and loyal friend and in his opinion had a very sympathetic and understanding personality. He also advised that applicant was not a bookworm, was popular with both the fellows and the girls; that he took an active part in sports but was never on the varsity teams in high school; also that applicant was able to meet people well and was very active socially and in his opinion was a well-balanced young man. He further stated that up to the time he knew applicant he was most idealistic in his attitude and was a person of exceptionally clean habits and morals.

Mr. GILES PIERRE, the son-in-law of Mr. MUELLER, corroborated the statements made as set out above and stated that he had the highest opinion of applicant.

Officer HERMAN FRANKFATHER of the identification unit of the Fort Wayne police department, made a search of his records but was unable to find any criminal record for either applicant or any member of his family.

At the Credit Bureau maintained by the Chamber of Commerce the records were examined through the courtesy of Miss MILDRED WILSON and revealed that there was no credit rating on applicant himself but that applicant's father was at one time engaged in the men's clothing business in Fort Wayne; that he subsequently went out of business and was later associated with other men's stores in the city; also that applicant's father's credit rating was slow and that at the time he moved from Fort Wayne to South Bend, Indiana, he had two bills outstanding which, according to the records of the Credit Bureau, had never been paid.

Sears, Roebuck and Co., South Bend, Ind., Sales Clerk, Fall and Winter, 1938-39; part-time; and at present — Mr. Reed, Operating Superintendent, advised applicant is employed as extra help in the men's furnishing department. Mr. Reed and Mr. Lauck, Manager of Men's Furnishing Department, favorably recommended applicant, stating his work had been very satisfactory and much above the average. It is noted that on his application here applicant stated he had formerly been employed with G.C.Gambill Furniture Store in South Bend which concern is presently out of business, making it impossible to verify this employment. Also listed on this application as previous employment was the Northern Indiana Public Service Company, Hammond, Indiana. A letter from Mr. Kussmaul, Manager of Industrial Relations of the above-mentioned company, reflected that applicant was employed in the auditing department from October 1937 to March 1938; that his work (part-time) had been entirely satisfactory and the employment was discontinued because no more work was available. (These two employments were not listed on application).

REFERENCES:

Dr. Whitlock stated applicant is in the finest of physical condition, having been somewhat slender with a suspicion of tuberculosis several years ago, but having filled out considerably since that time. Dr. Whitlock stated he had never found any trace of tuberculosis or consumption after a careful examination of applicant. Mr. Mueller's son advised applicant was a good student, not brilliant but attained high scholastic averages through perseverance and hard work; that he was idealistic and a well-balanced young man.

MISCELLANEOUS:

Neighborhood investigation. — Favorable.

Born May 23, 1916, Ft. Wayne, Ind. — Verified by school records.

Credit Rating — None for applicant. However, records of South Bend Retail Credit Bureau show applicant's father's rating was slow but unfortunate, due to his failure in business; that several accounts had been forwarded from Fort Wayne for collection, amounting to about $300 and that a note had been given by applicant's father to retire these debts, one of them being a doctor's bill for $32 which had

MISCELLANEOUS - continued.
remained unpaid for 6 or 8 years. The delinquent debts from Ft. Wayne are presently being paid satisfactorily, and will be paid in full shortly. The credit history of applicant's father at South Bend has been fair.

No arrests given on application. | Records of South Bend Police Department reflect that applicant was arrested in June 1939 for overtime parking. No disposition of this case was given. He was arrested in July 1939 for running a stop sign, for which he was fined $1. In February 1940 he was involved in an automobile accident in South Bend. A review of this case indicated that the automobile which applicant was driving skidded on the ice into a car driven by Mr. [redacted] causing damage totalling $10 to applicant's car and $50 to Mr. [redacted] car, the file indicating that the accident was applicant's fault. Mr. [redacted] stated the above accident was applicant's fault; that applicant admitted it and paid damages to his car for $25, and there was no unpleasantness or trouble developed between them. b6

Personal interview with Interviewing Official B.E. Sackett — Reports that applicant has an excellent personal appearance and approach; dresses neatly; has ordinary features; a good personality; is well-poised; has average speech; is self-confident and tactful; answers general questions quickly; appears resourceful and to have executive ability and is likely to develop; however, he has not studied Federal Procedure and has had no investigative experience. Mr. Sackett states applicant handles himself very well, expresses himself well, has a rather pleasant personality and possesses good intelligence. He appears to be even tempered, has perseverance and imagination. He is quite a bit underweight apparently since he is 6 feet, 1½ inches in height and weighs 160 pounds. He advises he has been underweight for a number of years. However, the doctors say he is in good physical condition. It is doubtful whether he can pass a physical examination in his present condition since he has for the past 4 years suffered from sinus infection, under his left eye mostly, which makes him talk with a nasal twang. He has had two rather severe attacks each year. He has been told that a change of climate from South Bend, Ind., will clear up this sinus infection. He is not at all robust but on the other hand does not give the impression of being a weakling. If applicant is able to pass the physical examination for Bureau entrance, Mr. Sackett believes that he would be desirable as a Special Agent in the Bureau.

Special interview test with SA Earl J. Wynn. — Advised that applicant introduced himself in a rather frank manner. During the early stages of the interview, applicant was very ill at ease, apparently due to some nervousness. However, as the interview progressed, this nervousness left him and he conducted the interview in a very businesslike manner. He asked questions in a logical sequence and on the whole it was apparent that his objective was to find out all information in Agent's possession relative to fictitious applicant. Applicant's memorandum covers substantially all the information furnished to him by Agent relative to fictitious applicant. Although somewhat nervous at first, when this nervousness left him, applicant conducted the interview in an easy manner and it is Agent Wynn's opinion that with just a little more experience, applicant would be able to conduct a complete interview without any signs of nervousness. He created a good impression on Agent and it is Agent's belief that with a little experience he would develop into a very good interviewer. Applicant appeared tactful during the interview. In Agent's opinion, it is believed that applicant does possess a great many of those qualities which should make him a subject for consideration for the position of Special Agent. Applicant received the rating of good in his dictation test.

MISCELLANEOUS - continued.

Applicant's father is identical with individual mentioned in Bureau case file 9-4751, wherein the father is listed as a suspect in an Extortion case entitled "UNKNOWN SUBJECT alias John Von; Gilbert's Clothing Store, South Bend, Indiana - Victim. A specimen of applicant's father's handwriting was obtained and forwarded to the Bureau. The Technical Laboratory concluded that applicant's father did not write the questioned documents in the case and he was eliminated as a suspect. (The investigating agent who conducted applicant's character and fitness investigation stated that applicant's father was employed by Gilbert's Clothing Store as salesman for 8 months, and evidently some trouble or unpleasantness developed between the father and the management of Gilbert's Clothing Store for the management of the store suggested the father as a suspect in the above-mentioned case.)

OUTSTANDING ENDORSERS None.

Applicant's physical report shows his eyes as 20/30 - 20/20 without glasses, and he is recommended for arduous physical exertion.

Re: APPLICANTS FOR SPECIAL AGENTS

Dear Sir:-

I am in receipt of the following memorandum from Special Agent Harvey G. Foster, Resident Agent at Houston, Texas, and I am quoting it for the attention and interest of the Bureau:

"Referring to the Bureau letter to all employees dated May 29, 1940, I wish to submit the following, I have been in touch with [redacted] who graduated in my class at Notre Dame in June of 1939. Mr. [redacted] is keenly interested in becoming a Special Agent and wired me yesterday that he had submitted applications to Washington and Indianapolis. Mr. [redacted] can be reached in care of Greenblatt Fur Company, South Bend, Indiana. I believe that Mr. [redacted] has the necessary qualifications and while I do not know his background prior to entering Notre Dame, it is my belief that he would make a good forceful Agent.

"The following is a list of men who graduated from Notre Dame in June of this year who approached me while I was in South Bend in March of this year for the purpose os securing information as to how to apply for a position of Special Agent. All of them have the necessary qualifications as to education. Their home addresses can be secured at Notre Dame University in the Registrar's office:

[redacted] of Indianapolis, Indiana.
[redacted] of Logansport, Indiana.
HUGO WINTERROWD of South Bend, Indiana.
[redacted] of Phoenix, Arizona.
[redacted] of Franklin, N. J.
[redacted] of Lakewood, Ohio.

"Mr. [redacted] who is presently employed by the National Bituminous Coal Commission with offices in Chamber

of Commerce Bldg., Indianapolis, Indiana, has also intimated to me that he might be interested in applying. He also has the necessary educational requirements and is a member of the Indiana Bar."

Very truly yours,

I mailed this air mail to you, using the above address and putting my return address. And I have since received no return of the letter.

I wish to reaffirm such letter, and I sincerely hope that the non-receipt of such will not jeopardize any of my chances. Your offer was an honor to me, and I immediately accepted it.

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

Re: Special Agent EARLL H. WINTERROWD,
SPECIAL EFFICIENCY REPORT.

Dear Sir:

This Special Agent arrived in the Newark Office on August 31, 1940.

He presents a good appearance, is neat in his dress, and appears to possess above average intelligence. He makes good contacts, creates a good impression with those with whom he comes in contact, is industrious, logical in his investigations, and his reporting matter has necessitated an average amount of supervision. He dictates with average ability.

For the past two weeks, he has been engaged on the HARBIM investigation concerning HARRY BRIDGES and his affiliation with the Communist Party. His investigation in this matter has been entirely satisfactory.

This Agent has a fair degree of proficiency in the use of firearms and is a good automobile driver. I have not heard him testify nor have I seen him in a dangerous situation and, therefore, am not qualified to comment on this.

67-146562-30

I am of the opinion that this Agent has the possibilities of becoming a good Special Agent and experience may develop some supervisory or administrative ability. However, at this time I am not of the opinion that he possesses either supervisory, administrative or executive ability.

RE: EARLL H. WINTERROWD, SPECIAL AGENT;
SPECIAL EFFICIENCY REPORT.

Dear Sir:

Since my efficiency report on this Agent dated October 15, 1940, I have very little to add, except that he has made constant improvement and in my opinion has developed far more rapidly than the average new Special Agent.

He presents a very good appearance, is neat in his dress and possesses above the average intelligence. He makes good contacts, is sincere and conscientious in his attitude and creates a good impression on those with whom he comes in contact. He is industrious, logical in his investigations and his reports have necessitated less than the average amount of supervision for a new Special Agent. He possesses average dictating ability, is fairly proficient in the use of firearms, is a good automobile driver and I have not heard him testify in court or seen him function on dangerous assignments. However, I believe that he could acquit himself well in either.

I am not of the opinion that he possesses supervisory, administrative or executive ability at this time, but I feel that he has possibilities of developing into a very good Special Agent far more rapidly than the average new agent.

Re: EARLL H. WINTERROWD, SPECIAL AGENT.
SPECIAL EFFICIENCY REPORT.

Dear Sir:

Special Agent in Charge A. P. Kitchin rendered a forty-five-day report on October 15, 1940 and rendered an additional special efficiency report on November 5, 1940, shortly prior to Mr. Kitchin's transfer to a new office of assignment.

Agent Winterrowd departed from Newark, New Jersey, on November 16, 1940 which is but a short time subsequent to the rendition of the two special efficiency reports mentioned above.

In view of the above circumstances and as I am in no way familiar with the efficiency of this Agent, unless instructions are received from the Bureau to the contrary it will be considered that the above two reports will suffice and that it will not be necessary to dictate another special efficiency report on this Agent in keeping with his transfer from the Newark Office.

Agent Winterrowd has read the above communication and has placed his autographic initials thereon.

Dear Sir:

This efficiency report as to Special Agent WINTERROWD is being submitted in view of the fact that he will have completed forty-five days assignment in the Richmond Office on January 2, 1941, having arrived in this District on November 17th from Newark, New Jersey.

Special Agent WINTERROWD presents a good appearance. He dresses neatly and has a good personality. Agent WINTERROWD has a fair knowledge of the Bureau's work and of his duties as an Agent. He is sincerely interested in his work and has performed an average amount of overtime. This Agent's work requires an average amount of supervision. He is a fairly good typist and his rough drafts are usually in good form. Special Agent WINTERROWD is a good automobile driver and is qualified in all of the Bureau's firearms. There has been no opportunity to observe him function on dangerous assignments nor to observe him on the witness stand. His speech is precise and he speaks deliberately in a low voice which carries well.

Special Efficiency Report

Dear Sir:

This Special Efficiency Report, as to Special Agent E. HUGO WINTERROWD, is being submitted in view of his transfer from the Richmond Office to the New York Field Division.

On December 31, 1940, the writer submitted a Special Efficiency Report as to Agent WINTERROWD. I have little to add to my comments in that report.

I believe that this agent's greatest fault is lack of self-confidence. He possesses confidence to a degree. He is improving in this respect. I believe that he will continue to improve. I think he will develop into an above average agent.

MEMORANDUM FOR MR. TOLSON

RE: EARLL H. WINTERROWD
Special Agent

Entered on duty - July 15, 1940
Present grade and salary - CAF-9, $3200
Present Assignment - New York City
Marital status - Single

SAC Sackett has advised that the above-mentioned Agent has received his Selective Service questionnaire and requests a letter of deferment. Reports submitted concerning this Agent reflect that he is progressing satisfactorily. Mr. Hennrich advised under date of February 7, 1941, that Agent's greatest fault was a lack of self-confidence but he is improving in this respect and Mr. Hennrich believed he will continue to improve and develop into an above average Agent.

Mr. Egan reported in October, 1940, during the inspection of the Newark Office that this Agent was one of the best new men he had seen in the field. Mr. Nathan believed that he would be better than average at the conclusion of the training school. There are no political endorsers in this case. This Agent has a B.C.S. degree from Notre Dame University and an LL.B. also from there.

There is submitted herewith D.S.S. Form 42, together with a memorandum to Mr. McGuire advising him of the action being taken in this case.

Respectfully,

EARLL H. WINTERROWD

I am the Director of the Federal Bureau of Investigation, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country.

Earll H. Winterrowd is a trained Special Agent and has been continuously employed by the Federal Bureau of Investigation since July 15, 1940. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications and experience in such activity, and his removal for induction would cause material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation.

RE: E. H. WINTERROWD, SPECIAL AGENT.

Dear Sir:

The following constitutes my forty-five day efficiency report on the above Agent, who reported for duty at this office on February 4, 1941.

This Agent is of good build, dresses in good taste, and creates a favorable first impression. He has a good knowledge of the Bureau's work, produces a good amount of work, and has applied himself with good spirit to his work. He is conscientious and thorough in his duties, operates with an average amount of supervision andwith good judgment generally.

He has been engaged in national defense investigations since coming here. He is now working on Selective Service cases exclusively.

He possesses good typing ability, drives an automobile well, and dictates well.

He is a quiet type of individual who at first gives one the impression of being lacking in self assurance, however he can handle himself well and I feel he does possess the necessary degree of self confidence.

APR 9 1941

His status and progress here is entirely satisfactory, and I regard him as a good, loyal, desirable Bureau Agent.

REMARKS

This agent entered on duty at Washington, D. C., July 15, 1940, and at the conclusion of the training school August 31, 1940, Mr. Nathan advised that this agent is favorably impressive as he has a good intellect and an agreeable personality. It is believed that he will do well and he will be better than average. He is qualified in all Bureau firearms.

This agent was transferred to Newark, New Jersey, August 31, 1940, and on October 15, 1940, Special Agent in Charge A. P. Kitchin advised that this agent presents a good appearance; is neat in his dress; appears to possess above average intelligence; makes good contacts; creates a good impression with those with whom he comes in contact; is industrious; logical in his investigations; his reports have required an average amount of supervision; he is average in dictation; his investigations have been entirely satisfactory; has a fair degree of proficiency in the use of firearms; is a good automobile driver; has possibilities of becoming a good Special Agent and with experience may develop some supervisory or administrative ability. During an inspection of the Newark Office October 1 to October 26, 1940, Inspector Egan advises that this agent presents a very good appearance, will develop rapidly as he has above average intelligence and excellent judgment. He is a sincere, conscientious hard worker. He has some executive and administrative ability and is the best of the new men that he has seen in the field.

31, 1940, Special Agent in Charge C. E. Hennrich advised that this agent presents a good appearance; dresses neatly; has a good personality; has a fair knowledge of the Bureau's work and of his duties as an agent; is interested sincerely in his work; has performed an average amount of overtime; requires an average amount of supervision; is qualified in all Bureau firearms; his speech is precise and he speaks deliberately in a low voice which carries well; with additional experience he will develop into an above average agent.

On February 7, 1941, Special Agent in Charge C. E. Hennrich advised in addition to his previous comments that this agent's greatest fault is his lack of self-confidence. He possesses confidence to a degree and is improving in this respect and should continue to improve and should develop into an above average agent.

This agent was transferred to New York City February 4, 1941, and on April 1, 1941, Special Agent in Charge B. E. Sackett advised that this agent is of a good build; dresses in good taste; creates a favorable first impression; has a good knowledge of the Bureau's work; produces a good amount of work; has applied himself with good spirit to his work; is conscientious and thorough in his duties; operates with an average amount of supervision and with good judgment generally; he drives an automobile well and dictates well; has good typing ability; he is a quiet individual who at first gives the impression of being lacking in self-assurance; however, he does possess the necessary degree of self-confidence. His status and progress in New York is entirely satisfactory and he is considered a good loyal, desirable Bureau Agent.

With reference to Selective Service this agent has been furnished D.S.S. Form 42 and has been classified in Class II-A.

Gentlemen:

Under date of February 20, 1941, D.S.S. Form 42 was executed by me in the case of Mr. Earll H. Winterrowd who is employed in the Federal Bureau of Investigation as a Special Agent. He was granted deferment in Classification II-A by reason of his occupation.

I want you to know that Mr. Winterrowd is still employed by the Federal Bureau of Investigation and it has been impossible during the deferment period to effect any replacement. The work of the Federal Bureau of Investigation has increased tremendously due to matters directly affecting the national defense. As you are no doubt aware, the Federal Bureau of Investigation is charged with the responsibility of investigating all matters of a subversive nature and in this connection is cooperating to the fullest extent with the Army and Navy. I am very definitely of the opinion that Mr. Winterrowd is serving his country as well in his present position as he would be if inducted into the armed forces. If the Federal Bureau of Investigation is to function efficiently it is essential that trained personnel be retained in the service.

For your further information, it is necessary for this Bureau to thoroughly investigate the character and fitness of each individual being considered for appointment prior to the time that the actual appointment is made. It would be disastrous if even one individual were employed by this Bureau who was sympathetic with any cause inimical to the well being of the United States. We cannot be too careful in this regard. The induction of one experienced employee means that many applicants must be interviewed and several of those interviewed must be carefully investigated before a replacement can be found who meets the very rigid qualifications. Even after such an individual is determined to be qualified he, of course, does not have the experience and training which can only come from actual service in the Federal Bureau of Investigation.

"This Agent presents an excellent appearance and seems to be possessed of a good personality. He seems to be intelligent, capable, and forceful. It is believed that he is considerably above average of Agents with a similar amount of experience. He seems to be interested and commendably ambitious. RE: SPECIAL AGENT E. H. WINTERROWD
Special Efficiency Report.

Dear Sir:

This special efficiency report is being submitted on the above named Special Agent in view of his recent transfer to the Bureau.

This Agent presents a good personal appearance, has a quiet but pleasant personality and has an easy approach. He appears to be in good health, is enthusiastic about his work and is dependable and accurate. He has a healthy attitude towards the Bureau and his loyalty is unquestioned. He accomplishes an average amount of work and displays intelligence, initiative and resourcefulness in his investigations. During his stay in the New York Office his time was spent mostly on Selective Service investigations and in connection therewith he has had experience on surveillances and arrests.

He is rated as good in the use of firearms, has average typing ability, is a good automobile driver and dictates well. This Agent has testified as a witness before a grand jury and before U. S. In my opinion he has latent supervisory and administrative ability. I would rate this Agent as good.

MEMORANDUM FOR MR. TOLSON

Re: E. H. Winterrowd;
Special Agent

EOD 7-15-40

This Agent entered on duty in the National Defense Division on November 18, 1941, and is assigned to the Internal Security Section, working on Communist matters. He is presently in Grade CAF-10 at $3500 per annum.

Special Agent Winterrowd has indicated during the short time that he has been assigned to the National Defense Division an ability to develop as a Bureau Supervisor. He is intelligent and conscientious and while unacquainted with some matters of Bureau policy and with administrative procedures at the Seat of Government, he is rapidly gaining knowledge of these matters and it is believed that he will function satisfactorily as a Supervisor. He presents a good appearance, dresses neatly and has a friendly personality. He does not give the impression of being self assured; however, this may be due to the fact that he is new at the Seat of Government and will acquire self assurance as he gains knowledge of his work as a Supervisor.

It is recommended that this Agent be retained on his present assignment, as it is believed that he will be of real value to the National Defense Division.

Re: SA E. H. WINTERROWD;
Special Efficiency Report

In accordance with the request from the Director for a special efficiency report on the above-named Agent, the following is submitted:

This Agent is presently in Grade CAF-10 at $3500, having entered the Bureau's service on July 15, 1940. He has been assigned to the National Defense Division since November 18, 1941.

Special Agent Winterrowd is conscientious and interested in his work, has willingly performed a considerable amount of overtime, and has developed satisfactorily as a Supervisor. He presents a good appearance, dresses neatly and has a pleasant personality. I believe he is loyal to the Bureau and anxious to progress in the Bureau's service.

This Agent is intelligent and is rapidly gaining in knowledge of the Communist front organizations which he is supervising. He has indicated that he has the ability to properly evaluate the information received by the Bureau, and with further experience as a Supervisor, it is believed that his value to the Bureau will increase.

Respectfully,

RE: EARLL HUGO WINTERROWD
Special Agent

Entered on duty	7/15/40
Reported to field	8/31/40
Present grade and salary	CAF 10, $3500
Last salary change	6/1/41
Accounting course	Completed None
Marksmanship	Expert
Qualified in all firearms:	Yes
Failed to qualify with:	None

REMARKS

On 2/4/41 he was assigned to the New York Office. Serial 47 summarizes this Agent's progress to 5/27/41. On 6/1/41 he was reallocated to CAF 10, at $3500 per annum.

Mr. Carson who interviewed this Agent during his attendance at the in-Service Training Course September 22 to October 5, 1941, said that he presented an excellent appearance and seemed to be possessed of a good personality; that he seemed to be intelligent, capable and forceful; that it was believed he was considerably above average of Agents with a similar amount of experience; that he seemed to be interested and commendably ambitious; that it was believed that he possessed excellent possibilities for future development along administrative or executive lines, although additional experience in the field at that time was probably desirable.

0 APR 16 1942

On 11/18/41 he was transferred to Division Five at the Seat of Government.

RECORDED

67-146562-60

APR 14 1942

On 12/8/41 Mr. Foxworth said that he presented a good personal appearance; had a quiet but pleasant personality, and had an easy approach; that he was enthusiastic about his work; dependable and accurate; that he accomplished an average amount of work and displayed intelligence, initiative and resourcefulness in his investigations; that his time had been spent principally in Selective Service investigations and in connection therewith he had had experience on surveillances and arrests; that he had dictated well, and that he had heard no criticisms of his testimony; that in his opinion he had latent supervisory and administrative ability, and that he would rate him as good.

On 1/3/42 Mr. Ladd said that he had been assigned to the Internal Security Section, working on Communist matters; that he had indicated an ability to develop as a Bureau Supervisor; that he was intelligent and conscientious and while unacquainted with some matters of Bureau policy and with administrative procedures at the Seat of Government he was rapidly gaining knowledge of those matters and it was believed that he would function satisfactorily as a Supervisor; that he presented a good appearance, dressed neatly and had a friendly personality; that he did not give the impression of being self assured; however, that might be due to the fact that he was new at the Seat of Government and would acquire self assurance as he gained knowledge of his work; that it was recommended that he be retained on his present assignment as it was believed he would be of real value to the National Defense Division.

On 3/10/42 Mr. Ladd said that he was conscientious and interested in his work; that he willingly performed a considerable amount of overtime; had developed satisfactorily as a Supervisor; that he presented a good appearance; dressed neatly and had a pleasant personality; that he believed he was loyal to the Bureau and anxious to progress; that he was intelligent and was rapidly gaining in knowledge of the Communist front organizations which he was supervising; that he had indicated that he had the ability to properly evaluate the information received by the Bureau, and that with further experience it was believed that his value to the Bureau would increase.

I recommend CAF-11 at $3800.

Re: CONGRESSMAN ROBERT A. GRANT
OF INDIANA

There is attached hereto a clipping taken from the South Bend, Indiana, Tribune of February 27, 1942, which was furnished to the writer by his mother. Briefly, it reflects the complimentary attitude taken by Congressman Robert A. Grant of the South Bend, Indiana, Congressional District to the work of the Bureau.

Congressman Grant, a personal acquaintance of the writer, has in the past expressed favorable remarks concerning the Bureau and has stated his admiration for the Bureau's work.

It is respectfully suggested that this article showing Congressman Grant's complimentary attitude be made a matter of record.

Respectfully,

U. S. GOVERNMENT PRINTING OFFICE 16—26177-1

This Agent makes a good appearance and has an average personality, lacking somewhat in aggressiveness and force. He is intelligent, industrious and cooperative and has functioned satisfactorily as a Supervisor in the National Defense Division.

He is amenable to suggestion and has improved considerably during his assignment at the Bureau. His output of work is not as large as that of other Supervisors and it is believed that he could increase his production to good advantage. He is interested in his work and is sufficiently industrious so that with continued training and additional experience he should develop into a better than average Supervisor.

On the basis of his record, it is felt that he should be rated as good and it is pointed out that he has the basic ability to improve upon this rating in the future.

RE-TRAINING
9-22 to 10-4-41

E. Hugo Winterrowd #4

Agent Winterrowd is now in Grade CAF-11 at $3800 per annum and has been assigned to the Internal Security Section of the Security Division since November 18, 1941. He has been assigned to the supervision of cases pertaining to Communist Front organizations.

This Agent has exhibited a keen interest in his work and on many occasions has expressed his satisfaction with this assignment. He has a very good knowledge of the Communist Front organizations and the manner in which they function. He is energetic and enthusiastic and has shown an interest in his work which is commendable. Agent Winterrowd puts in a considerable amount of voluntary overtime and produces more than an average amount of work.

This Agent still lacks a certain amount of self-confidence; however, it is believed that he has definitely improved along this line and will continue this improvement. It is believed he will also develop into an exceptionally good Supervisor.

EXPLANATION OF DEVIATIONS FROM STANDARD

(Signature)

1-15-40.

This Agent is very neat in appearance and has a likable personality. He is intelligent and has definitely acquired additional self-confidence.

Agent Winterrowd has produced a good amount of work and has rapidly developed as a Supervisor. He is loyal and dependable and is outstanding in the interest which he exhibits toward his work. He gladly accepts suggestions and constructive criticism. Considering the length of time this employee has been with the Bureau, he has a good knowledge of Bureau policies. The work which he handles is of an important nature and although it has required some supervision, the amount necessary has rapidly decreased because of his steady improvement. From time to time he has been given some very important assignments where thoroughness and efficiency were absolutely necessary and time was of the essence. These assignments were handled in a very satisfactory manner. Agent Winterrowd is dependable and from the manner in which he applies himself he evidences a definite desire to progress in the Bureau.

This employee's voluntary overtime considerably exceeds the average. It is believed that he will develop into an outstanding supervisor in view of the progress which he has made to date.

Gentlemen:

Reference is made to the Selective Service case of Mr. Earll H. Winterrowd, who is registered at your Board as Order Number 665. You will recall that deferment was previously requested for this registrant by reason of his position, however, you have recently ordered him for a physical examination.

In accordance with Section III of Executive Order 9309, the Review Committee on Deferment of Government Employees of the War Manpower Commission has advised the Agency Committee of the Federal Bureau of Investigation that it has approved the position which this registrant holds as one of the key positions in this Bureau. Accordingly, the Agency Committee requests occupational deferment for Mr. Winterrowd. In connection with this matter, I am transmitting herewith D.S.S. Form 42-A (Revised) which has been executed by me under date of July 9, 1943.

Under the provisions of Executive Order 9309, Section II, Paragraphs 2 and 3, the Chairman of the War Manpower Commission has approved a Regional Committee for the Federal Bureau of Investigation. This request for occupational deferment has been reviewed and approved by the Agency Committee in question.

In view of the fact that Mr. Winterrowd occupies a position in this Bureau that has been designated as a key position by the Review Committee on Deferment of Government Employees of the War Manpower Commission, and as it is not possible at this time to secure a replacement for him, it is requested that you consider this letter as a formal request for an appeal.

COPY DSS FORM 42-A (REVISED)

SPECIAL AGENTS

This position has been designated as a key plsition by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Re: EARLL HUGO WINTERROWD
Special Agent
Selective Service Status

Dear Sir:

Mrs. K. M. WOODWARD, clerk, Local Board #3, South Bend, Indiana, was contacted by Special Agent JOHN J. O'BRIEN, and she advised that a short while ago the Board had received specific instructions that all cases involving government employees should be reopened for reclassification and that the registrants should be ordered to report for their physical examinations unless the Board was in receipt of a written request for deferment from the registrant's superior, and bearing the authorization stamp of the Review Committee on Deferment of Government Employees of the War Manpower Commission.

She further stated that the original letter requesting deferment for Agent WINTERROWD did not bear the necessary authorization stamp, and the Board had accordingly directed him to report for his physical examination. However, upon receiving a letter with the necessary authorization stamp, the board had been perfectly willing to grant the requested deferment, and, accordingly, on July 21, 1943, placed the registrant in II-B until January 22, 1944.

Mrs. WOODWARD took great pains to point out that the board's policy on the deferment of Special Agents had not changed, but in this particular case their hands had been so tied by Selective Service red tape, that they were unable to follow their usual procedure of automatically deferring the Special Agents of the Federal Bureau of Investigation who were registered with Board #3.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

(1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.

(2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

(1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;

(2) The written request states in what respect an occupational question is involved; and

(3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

RE: SA E. H. WINTERROWD

Dear Sir:

Special Agent Winterrowd was assigned to this office for a two week training period from November 22, 1943, through December 4, 1943.

During his first week of assignment he was assigned to the Alien Enemy Squad. He assisted in a number of searches and effected the apprehension of several members of the National Sozialistische Kriegsopfer Versorgung.

During his second week he was assigned to the General Investigative Desk. He indicated he has a good knowledge of the general criminal violations investigated by the Bureau and that he can be used on dangerous assignments. In this regard, he participated in the surveillance and apprehensions of five armed individuals having long criminal records who perpetrated the hijacking of a liquor truck in this city.

Special Agent Winterrowd makes a neat appearance and has a pleasing personality. He has a thorough knowledge of the Bureau's work. His investigations were conducted in a logical and thorough manner and his reports required but a minimum amount of supervision. It is my opinion that Special Agent Winterrowd might be considered as a very good Special Agent.

Mr. Winterrowd is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Winterrowd is such a trained investigator. In the attached Form 42 S further information relative to Mr. Winterrowd is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

EARLL HUGO WINTERROWD

This Agent has been assigned as a Supervisor in the Internal Security Section of the Security Division since November of 1941, prior to which he had approximately fifteen months experience in the field investigating. He makes a good appearance, is definitely above average in intelligence, is considered qualified as a Bureau speaker, and in every way indicates that he could represent the Bureau in very good fashion. Mr. Winterrowd is to be particularly commended for his work in supervising the coverage of racial conditions throughout the country. He is energetic, enthusiastic, has an inquiring mind, and I consider him at this time to be a very good Supervisor.

Gentlemen:

Reference is made to the Selective Service case of Mr. Earll Hugo Winterrowd, who is registered at your Board as Order Number 665. You will recall that deferment was previously requested for this registrant by reason of the fact that he holds the position of Special Agent. You have advised me by Classification Advice dated August 10, 1944, that he has been placed in Class I-A.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9309, recommends that the attached Forms 42 and 42 S be forwarded to you requesting occupational deferment on behalf of Mr. Winterrowd.

Your attention is called to Local Board Memorandum Number 115-F, as amended May 18, 1944, which provides that a request for deferment may be made by an agency of the Federal Government in compliance with Executive Order 9309, for a registrant 26 through 29 years of age on Forms 42 and 42 S identified as an Authorized Government Request.

In view of the fact that Mr. Winterrowd occupies a key position and as it is not possible at this time to secure a replacement for him, the Agency Committee of this Bureau requests that you reconsider the facts in this case or that this letter be considered as a formal request for an appeal.

The principal place of employment of this registrant is Washington, D. C.

Sincerely yours,

John Edgar Hoover

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-five and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agent that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff, be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

(1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.

(2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Dear Sir:

My attention has been called to your action in recently preparing a teletype authorizing certain action on the part of the New York Office.

It is felt that you exercised poor judgment in this particular instance and as a result thereof, the Bureau has been placed in a difficult and embarrassing position. Most considered judgment must be exercised in granting these special authorizations and indiscriminate use thereof without the soundest basis cannot be permitted. Under the circumstances, it is felt that you should have conferred with higher authority in the Bureau and obtained specific approval prior to taking the action which you did.

Reference is made to your request for an explanation as to why a teletype was prepared granting permission to establish a microphone surveillance on a dinner held October 19, 1945, in New York City, at which there were present Norman Washington Manley, head of the Peoples National Party, Jamaica, and other Negroes.

On October 16, 1945, the New York Office requested authority to use the microphone surveillance at the Hotel McAlpin on October 19th. It was stated that West Indian Negroes, including three Negro Communist leaders, members of the West Indies National Council, and the Jamaica Progressive League would be present. The teletype stated that a survey indicated "security assured." An immediate reply was requested.

A teletype in reply was prepared on the morning of October 17th, which stated that permission was granted for the microphone coverage "provided full security assured." The writer initialed this reply and placed in in the Outgoing Signature mail box for initialing.

The purpose in sending the reply granting permission was to obtain definitely through the use of the microphone surveillance who the speakers were and exactly what was said by them. Agent coverage of the meeting was not feasible in light of the fact that the dinner was a Negro affair.

As a matter of background, the Bureau's interest in Manley is based on a number of factors. Manley is the head of the Peoples National Party in Jamaica, which is reported [redacted] to have Communist elements in it. He was in New York City during the period October 6 - 20, 1945, for the purpose of getting support and financial assistance for his political party, which advocates self-determination for Jamaica and other West Indies islands, as well as a federation thereof. This is in opposition to established British Colonial policy. In New York City he was in contact with known Communist Negro leaders, as well as with the West Indies National Council, a Communist group, and the Jamaica Progressive League, a registered agent of the Peoples National Party. b7D

7 NOV 19 1945

146562-100

The New York Office has for over a period of two years closely followed the activities of these organizations and of Communist Negro leaders interested in the political affairs in the West Indies. In connection with this coverage, technical means have been utilized frequently and consistently in compliance with the investigation.

In 1944, both the State Department [redacted] asked the Bureau to furnish information concerning the activities of such people and organizations as were engaging in political activities affecting the West Indies and the Caribbean Area. In addition, the Bureau has been requested to furnish information to the War Division of the Department of Justice and, as a result, the Jamaica Progressive League has registered as a foreign agent. The Bureau was specifically asked to furnish additional reports concerning the West Indies National Council.

In the light of the foregoing factors, it was felt by the writer that the teletype granting permission to utilize the microphone surveillance was justifiably prepared.

I have talked to Special Agent Winterrowd at length concerning his reasons for authorizing the microphone surveillance upon the Norman Manley dinner. My interview with him does not add materially to the attached statement. Mr. Winterrowd is a very conscientious, hard-working supervisor with a deep knowledge of the cases which he supervises. He considered in this case the improbability of any coverage on this meeting, since it was a negro meeting, by agents and because of the known interest of the State Department [redacted] and the Criminal Division, believed that the microphone coverage might produce information of Manley's activities, particularly as an investigative lead to a violation of the Foreign Registration Act, which he believed justified the microphone installation, particularly when the New York office indicated that security was assured. b7D

In my interviews with Mr. Winterrowd and Mr. Harvey I have pointed out that the element of "calculated risk" must be carefully weighed against the potential investigative results of these delicate operations and fundamentally the problem evaluated in the light of the best interests of the Bureau. This fundamentally is a general statement which is of ultimate value only when its application results successfully.

The attitude of Mr. Winterrowd is like that of Mr. Harvey, one of deep regret and mortification, which unfortunately does not aid in extricating the Bureau from the consequences of this situation.

This is a joint memorandum submitted by the following persons pursuant to a request contained in Bureau memorandum dated September 5, 1945, to the Special Agent in Charge, Washington Field Division:

Special Agents LARSEN G. ZANDER, and E.H. WINTERROWD
Miss [redacted] (FBI Stenographer)
Special Agent GEORGE E. DAVIS
Special Agents OWEN B. CHANEY, and, E.R. DONALDSON

These persons participated in the arrest of EMMANUEL SIGURD LARSEN at his residence at 1650 Harvard Street, N.W., June 6,1945, as well as the search of this residence and seizure of classified government documents therefrom. Special Agent DAVIS conducted the interview of Mrs LARSEN and Miss [redacted] was present for the purpose of rendering any comfort or assistance to Mrs. LARSEN or the LARSENS' [redacted]

b6
b7C

For the purpose of this memorandum the information contained herein has been broken down into appropriate sub-headings.

Chronology of Events

At 7:00 p.m. June 6, 1945, Special Agents ZANDER AND WINTERROWD entered the apartment of LARSEN, #227, 1650 Harvard Street, N.W. These agents identified themselves and Agent WINTERROWD advised LARSEN that he had a warrant for the arrest of Larsen, charging him with violation of Section 31, Paragraph C & D, Title 18, and Section 88 of Title 18, U.S Code. LARSEN was also told by Agent WINTERROWD that the warrant for his arrest provided legal authority for a search of his apartment for pertinent material to the substantiation of the charges against him.

During these preliminaries, Mrs LARSEN apologized to Agents ZANDER and WINTERROWD for the state of disarray of their apartment. She said they had just moved from another apartment, and it was observed by these agents that the apartment was in extreme disorder with books, pictures, household furnishings and other items stacked in practically every corner. During the course of the evening Agents ZANDER and DONALDSON heard Mrs. LARSEN apologize on several occasions for the disorder of their apartment.

EHW: BGW

Shortly after Agent CHANEY'S entrance into the LARSEN apartment, LARSEN stated to him that he and his family had just moved into this apartment and had unpacked but nothing had been put away.

LARSEN was questioned briefly as to his official position with the Department of State and his previous employment. He was then asked if he had any official government documents in his possession. He said that he had and conducted Agents ZANDER and WINTERROWD to a hallway closet between the livingroom and the bedroom, where he pointed out a brown box type cabinet containing various manila folders and albums; a one drawer green steel file cabinet containing file jackets of a large number of documents; and a six drawer wooden card index cabinet.

At approximately 7:25 p.m. Agents DONALDSON and CHANEY entered the LARSEN apartment and were introduced to the LARSENS as Special Agents of the Federal Bureau of Investigation, whereupon they identified themselves. These agents were present to conduct a search of the LARSENS' residence.

Approximately five minutes thereafter at about 7:30 p.m. Miss [redacted] and Special Agent GEORGE E. DAVIS entered the LARSEN residence and Special Agent DAVIS identified himself and introduced Miss [redacted] b6 b7C

After LARSEN had exhibited the containers in the hallway closet to Agents ZANDER and WINTERROWD he was asked if he had any additional material of this nature in his apartment. He then conducted Special Agents ZANDER and WINTERROWD to the bedroom of his aprtment, where there were two closets to the east of the room on either side of a dresser. LARSEN showed Agents ZANDER and WINTERROWD the closet to the left of the dresser, which is in the northeast corner of the bedroom. In this closet LARSEN pointed out a number of manila folders, books and albums, which he said contained some documents of a classified nature. After items were seized from this closet by Special Agent ZANDER and WINTERROWD, LARSEN was asked by Special Agent WINTERROWD whether he had any other classified government documents deposited in any other place in the apartment. At this time he emphatically stated that he had no other classified documents in his possession. (It is to be noted at this time that upon a subsequent search of the bedroom by Special Agents CHANEY and DONALDSON a number of documents and papers of a classified nature contained in a red fiberroid volder were found in the second drawer of the dresser used by Mrs .LARSEN.)

Agents DONALDSON and CHANEY, after being introduced and identified to LARSEN and his wife, entered the hallway closet and removed therefrom the three receptacles containing documents and placed these three receptacles in the livingroom. These agents also made a search of the hallway closet for any additional material. However, none was removed therefrom. Thereafter Special Agents DONALDSON and CHANEY at approximately 8:00 p.m. entered the

bedroom of the LARSEN apartment and began their search. It was during this search that the classified government documents were found in the second drawer of Mrs. LARSEN'S dresser.

At the time Special Agents DONALDSON AND CHANEY began their search in the LARSEN bedroom, Special Agents ZANDER AND WINTERROWD with LARSEN were also in the bedroom. Agents ZANDER and WINTERROWD each siezed three manila folders containing a large number of classified government documents. A number of items, which were explained by LARSEN to be of a purely personal nature, were not seized. In addition LARSEN asked Agents WINTERROWD and ZANDER in the presence of Agents DONALDSON and CHANEY whether they desired to examine the contents of a strong box. He stated that this strong box contained amother other things bonds, titles, insurance policies and other personal matters. LARSEN was told by Agent WINTERROWD that it was not necessary for him to open the strong box. He did however, and was told by Agent WINTERROWD to close it, that its search was not necessary.

At approximately 8:30 p.m. Special Agents ZANDER and WINTERROWD accompanied LARSEN left the bedroom and Special Agents DONALDSON and CHANEY continued their search of the bedroom. In the bedroom, Agents DONALDSON and CHANEY searched the southeast bedroom closet, which is to the right of the dresser, the bookcase and the bedroom dresser, as well as the top thereof. As stated previously, classified documents were found in the second drawer of Mrs. LARSEN'S dresser by Special Agent CHANEY. On the top of the dresser was a slip of paper, found by Agent DONALDSON, bearing a rubber stamp with the name "Lt. Andrew Roth." This piece of paper was adjacent to a box containing miscellaneous bills and other papers, not pertinent to this case. Agent DONALDSON opened the drawers of a dressing table and observed therein personal effects, such as cosmetics, apparently belonging to Mrs. LARSEN. No further search was made of the dressing table. Approximately one hour was consumed by Special Agent DONALDSON in examing and searching the bookcase, which contained a large number of books and pamphlets. Agent CHANEY remained in the bedroom until approximately 9:00 p.m. and Agent DONALDSON remained in the bedroom until approximately 9:45 p.m.

In the meantime, Special Agents ZANDER and WINTERROWD, along with LARSEN, returned to the livingroom of the apartment. The door into the bedroom was left open. At approximately 8:45 p.m. Agents WINTERROWD and ZANDER suggested that Mr. and Mrs. LARSEN might desire something to eat. LARSEN stated that he had not completely finished his dinner when Agents WINTERROWD and ZANDER had first arrived and he could possibly eat a few bites. Mrs. LARSEN said she was not hungry. LARSEN was taken to the dinette, where he sat down and had a few bites.. At this time Agent WINTERROWD asked LARSEN if he had any documents in the kitchen or the dinette and he stated that he had none. No search was made of these two places, withthe excention that Agent CHANEY opened the door to a broom closet in the kitchen and merely looked in.

At approximately 9:00 p.m. Special Agent CHANEY entered the living-room and at this time LARSEN began to go through the one drawer green steel file cabinet and explained the various manila folders, which for the most part contained documents of a classified nature. LARSEN also went through the box which contained manila folders and albums, none of which were seized. Approximately 24 folders containing another other items documents of a classified nature were seized by Special Agent CHANEY after LARSEN had generally explained the contents of each and stated that they contained documents of a classified nature. The period of time consumed by LARSEN in explaining the contents of the various folders in the one drawer file cabinet and in the box amounted to approximately 45 or 50 minutes. During the course of LARSEN'S explanation of the various manila folders he complained of his throat being dry and he was promptly afforded a glass of water by Special Agent CHANEY.

At approximately 9:50 p.m. LARSEN stated that he would like to take a change of linen with him, after it was explained to him that in all probability he would be placed in jail for the night. Special Agent WINTERROWD accompanied LARSEN to the bedroom, where he obtained pajamas a shirt and underwear. He also stated that he would like to wash his hands and face. Agent WINTERROWD accompanied LARSEN to the bathroom, where the only activity that transpired was LARSEN'S washing his face and hands and brushing his teeth. LARSEN did take a can of tooth powder from the bath-room to take with him.

At approximately 10:00 p.m. after LARSEN had obtained his change of linen, he was asked by Agent WINTERROWD if he cared to have anything to eat, at which time he stated he would like a glass of milk. He was accompanied to the kitchen by Agent WINTERROWD, at which time he drank a glass of milk. From this time until approximately 10:20 p.m. LARSEN in the company of Special Agents ZANDER and WINTERROWD obtained his hat and coat, said goodbye to his wife, and then entered into a discussion prior to leaving the apartment relative to his becoming involved in this case.

At about 10:20 p.m. Special Agents ZANDER and WINTERROWD left the LARSEN apartment with LARSEN and proceeded to the Washington Field Office. Special Agent E.R. DONALDSON left the apartment at the same time with the material seized by Special Agent CHANEY and himself. Special Agent CHANEY remained in the LARSEN apartment until approximately 11:15 p.m. with Special Agent DAVIS and Miss [redacted] b6 b7C

During the course of the search of the LARSEN residence, three manila folders were seized each by Special Agents ZANDER and WINTERROWD from the northeast bedroom closet. Special Agent CHANEY seized a manila folder containing classified documents from the second drawer of Mrs. LARSEN'S dresser and Special Agent DONALDSON seized the slip of paper from the top of the dresser and what appeared to be a propaganda booklet in Chinese character. This was seized from the bookcase in the bedroom.

EHW:BGW
100-17,162

Special Agent CHANEY seized 24 folders containing classified documents from the one drawere steel file cabinet; the six drawer card index box identified by LARSEN as containing information concerning Chinese personalities; and LARSEN'S tandard underwood typewriter, for which a receipt was obtained.

During the course of the search a general inspection was made by Special Agent CHANEY of the livingroom desk. He observed that most of the material on the desk were personal papers and old bills. Nothing was seized from this desk. Special Agent WINTERROWD had Miss [redacted] copy the names and addresses from a small personal name and address directory, which was found on the telephone table at the entrance to the dinette. b6 b7C

No jewel boxes and no other containers were searched, other than those mentioned above. None of the agents or Miss [redacted] recalls seeing any jewel box or other similar type container. The strong box referred to above, which was not examined by agents, was the only item which might possibly come within the category of a jewel box.

On two occasions during the time the LARSEN apartment was being searched a man knocked at the LARSEN aprtment. The first knock was at approximately 9:30 p.m. and the second was at approximately 10:00 p.m. On the first occasion Agent WINTERROWD answered the door and the unidentified man asked if either Mr. or Mrs. LARSEN was at home and if he could speak with them. He was told that he should endeavor to get in contact with them on the following day. On the second occasion Agent ZANDER answered the door and the man identified hinself as a reporter from the Washington Times-Herald. He inquired as to the whereabouts of Mr. and Mrs. LARSEN and indicated that he had no previous acquaintance with them. It was suggested to the press representative that he contact them at a later time.

From 10:30 p.m. June 6, 1945, until approximately 2:55 a.m. June 7, 1945, LARSEN, in the company of Special Agents WINTERROWD and ZANDER, was at the Washington Field Office. During this time he was photographed, fingerprinted, and subsequently questioned about this activities in this case. At approximately 12:20 a.m. June 7, 1945, LARSEN voluntarily began dictating his own signed statement and at 2:40 a.m. he signed it, after reading the statement. At 2:55 a.m. LARSEN was taken by Special Agent in Charge GUY HOTEL and Special Agents WINTERROWD and ZANDER to the office of the U.S. Commissioner, where the Commissioner's hearing was held and at 3:15 a.m. LARSEN was surrendered to the U.S.Marshal, together with the effects which had been on the person of LARSEN and which had been taken from him by Agents ZANDER and WINTERROWD. An itemized statement signed by LARSEN of these effects is available.

On June 7,1945, Special Agents ZANDER and WINTERROWD had occasion to visit LARSEN at the D.C.Jail. Upon Agents ZANDER and WINTERROWD parting

company with LARSEN at the D.C. Jail, he stated to these agents that he appreciated the gentlemanly treatment which had been afforded him.

Treatment of LINDA LARSEN by FBI Personnel

The following information concerns the treatment and consideration shown to LINDA LARSEN, daughter of E. S. LARSEN, during the course of the arrest of LARSEN and the search of his apartment on the night of June 6, 1945, by the above listed agents and Miss [redacted] FBI stenographer. b6 b7C

During the course of the events described above, which transpired at the LARSEN residence, LINDA LARSEN was at the apartment at all times. She was treated with all respect and courtesy at all times by all of the above mentioned persons.

Agents WINTERROWD and ZANDER recall that between 8:00 and 8:30 p.m. while they were in the bedroom of the LARSEN apartment with LARSEN, [redacted] on numerous occasions asked her father childlike questions, whereupon Agent WINTERROWD suggested to LARSEN that he might wish to see that [redacted] went to her mother, in view of the fact that she might possibly misunderstand what was going on and become frightened. LARSEN told his daughter to go to the livingroom, where Mrrs. LARSEN was with Special Agent DAVIS and Miss [redacted] b6 b7C

It was observed by Miss [redacted] and Agent DAVIS that until approximately 9:15 p.m. [redacted] frequently came up to her mother and asked numerous questions, such as whether or not she could go out and play and also as to what the agents and Miss [redacted] were doing there. Mrs LARSEN reassured her daughter that nothing was wrong and told her to sit down and play and be quiet. Soon after Agent DAVIS and Miss [redacted] entered the apartment [redacted] opened the door and stood in the doorway as if to leave. At this point Miss [redacted] went up to [redacted] and asked her if she didn't want to come in and play with her toys. Thereupon, [redacted] procured some nursery books and Miss [redacted] sat on the couch with [redacted] and went through the books withnher. This lasted for approximately 15 minutes. It was noted that [redacted] ceased to approach her mother shortly after 9 p.m. and she did not again enter the livingroom of the apartment. b6 b7C

At approximately 9:15 p.m. [redacted] came to the bedroom, where Agent DONALDSON was searching the bookcase, crawled up into a club chair and started to go to sleep, whereupon Agent DONALDSON suggested that she go to her mother and ask to be put to bed. [redacted] left the room and returned a few minutes later and again crawled into the club chair and stated "I guess I'll go to sleep here." Agent DONALDSON suggested that she get into her crib, whereupon [redacted] replied that she couldn't sleep in the crib until her mother changed the bedding as the cat had wet the bed. [redacted] was again advised to go to her mother and ask to be put to bed. She did not wish to do so. Then Agent DONALDSON suggested that he be permitted to put her to bed in her mother's bed. She declined to do this and prepared to go to sleep in the chair. b6 b7C

EHW:BGW

In afew minutes she was asleep and Agent DONALDSON covered her with a small blanket taken from the crib.

Agent WINTERROWD recalls that at this time LARSEN went into the bedroom at approximately 9:45 p.m., he observed that [redacted] was asleep in the large chair near the bed. Agent WINTERROWD suggested to LARSEN that he place her in her crib, which was in the bedroom near the chair. This LARSEN did after taking off [redacted] shoes. He thereupon covered her with a blanket and turned the lights out upon leaving the bedroom. b6 b7C

During the time the above named agents and Miss [redacted] were in the LARSEN apartment no incident occurred involving any harsh words spoken to [redacted] or any mistreatment of any sort. The only time any physical contact was had with [redacted] by any of the Agents or Miss [redacted] was when [redacted] sat on Miss [redacted] lap to look at the nursery books and when Special Agent DONALDSON placed the cover over her while she was in the chair. b6 b7C

It was observed by Special Agents ZANDER and WINTERROWD during the period they first talked to LARSEN, advising him of his arrest, that the dinette table was set with food, some of which had been partially eaten. A short time thereafter within a half hour or so [redacted] was observed at the table eating, and at this time the household cat was also observed on the table. Subsequently, during the course of the evening, until the time [redacted] went to sleep, Special Agents CHANEY and ZANDER AND Miss [redacted] observed [redacted] on several occasions eating food from the table in the dinette. b6 b7C

Treatment of Mrs. THELMA LARSEN by FBI Personnel

After Special Agent Davis and Miss [redacted] entered the LARSEN apartment at approximately 7:30 p.m. Special Agent DAVIS began the interview of Mrs LARSEN relative to the activities of her husband, [redacted] S. LARSEN in instant case. The following information is set forth in this regard:

Mrs. LARSEN was seated in a comfortable chair in the livingroom immediately opposite a studio couch, upon which Miss WALSTEAD and Agent DAVIS were seated. The interview was conducted with the utmost courtesy and respect for Mrs. LARSEN. Mrs. LARSEN expressed her desire to cooperate and at no time took offense at any questions which were asked during the course of the interview. A signed statement was voluntarily given by Mrs .LARSEN to Agent DAVIS, who typed same on the Underwood typewriter belonging to the LARSENS. When Mr. LARSEN made ready to depart with Agents ZANDER and WINTERROWD, Mrs LARSEN asked if her husband could see the statement which had thus far been typed. Consent was willingly given and Mr. LARSEN was allowed to read the statement.

EHW: BGW

At approximately 8:45 p.m. when Mrs LARSEN was asked if she desired to eat something by Agent WINTERROWD, she replied in the presence of Agent DAVIS and Miss WALSTAD that she did not care to eat under the circumstances and was not hungry. Later in the evening Agent CHANEY asked Mrs. LARSEN if she would like to have a glass of water and she replied in the affirmative whereupon Agent CHANEY provided her with a glass of water.

Shortly before the departure of Agents CHANEY and DAVIS and Miss [redacted] at approximately 11:00 p.m. Agent CHANEY was looking at some trinkets on the bookcase in the presence of Mrs. LARSEN, and at this time Mrs . LARSEN showed Agent CHANEY three boxes, two of which contained medals which she said were received by her husband for his services to the Chinese government. Upon opening the other box, it was noted that no medal was located in the box. Mrs. LARSEN seemed very surprised at this and asked Agent CHANEY if it was the habit of the FBI to also take medals. He replied that of course this was not so. She also stated that LARSEN would be very much concerned about the missing medal. (It is to be noted that no medal was seized or taken from the LARSEN residence by any of the above agents or Miss WALSTAD). b6 b7C

During the course of the evening, it was noted that the LARSENS' telephone rang several times. On the first occasion when the telephone rang, Mrs. LARSEN asked Agent DAVIS if she should answer it. Agent DAVIS replied that it would be preferable that she not answer it. She willingly complied with this suggestion.

During the latter part of the interview with Mrs. LARSEN, and after Mr. LARSEN had departed with Agent ZANDER and Agent WINTERROWD, a small boy knocked on the door of the LARSEN apartment and the door was opened by Agent DAVIS who was asked by the small boy if Mr. LARSEN was there. Agent DAVIS replied in the negative, whereuppn the boy turned away and walked down the hall.

As has been stated previously Mrs. LARSEN voluntarily executed a receipt for the Underwood typewriter, granting Agents CHANEY and DAVIS permission to remove the typewriter from the premises.

At about 10:30 p.m. Mrs. LARSEN asked what had happened to her daughter. At this point Miss [redacted] went into the bedroom and observed that [redacted] was fast asleep in bed. Miss [redacted] immediately reported this fact to Mrs .LARSEN. b6 b7C

At about 10:40 p.m. Mrs. LARSEN asked permission to go to the bathroom and just as she was about to enter she made a remark to the effect that she did not have any poison, that we need not worry, that she did not intend to commit suicide. At this point it was suggested to Miss [redacted] BY Agents CHANEY and DAVIS that she enter the bathroom with Mrs. LARSEN. Miss [redacted] immediately went into the bathroom and remained there with Mrs. LARSEN. b6 b7C

At approximately 11:15 p.m. as Agents CHANEY and DAVIS and Miss [redacted] were making their departure from the LARSEN apartment, the agents and Miss [redacted] made a remark to the effect that they hoped that she was not too much upset over the evening. Mrs. LARSEN replied that she did not exactly understand what it was all about and at the same time she expressed her thanks, indicating appreciation for the manner in which she had been treated.

He presents an excellent appearance and is a conscientious, alert and aggressive individual. He has exercised excellent judgment and has used considerable initiative in the resolving of the many problems which confronted him in the preparation of the Communist Party Brief. His work has been far above average and he has demonstrated an ability to produce results. He is a loyal, sincere and dependable employee who has exhibited a thorough knowledge of Bureau policy as it applied to the duties assigned to him. OFFICE MEMORANDUM UNITED STATES GOVERNMENT

To: Mr. Ladd February 7, 1948

From: J. P. Coyne

Subject: SUPERVISORS LISH WHITSON
E. H. WINTERROWD
J. W. YEAGLEY

On November 29, 1947, I submitted a memorandum to you wherein I amde specific recommendations as to the future assignments of the captioned Supervisors who have been working on the Communist Party Brief. A copy of this memorandum is attached. Repeated efforts to locate the original fo the memorandum have resulted negatively and, accordingly, the suggestions outlined therein are being called to your attention again at this time.

Unless advised to the contrary I shall immediately assign Supervisor Whitson to the Number One Espionage Desk which is being vacated by virtue of the transfer of R. G. Fletcher to San Francisco. I shall assign Mr. Winterrowd to the Communist Party Desk and in addition to his other duties on that desk he will be responsible for the continued handling — both implementation and supplementation — of the Communist Party Brief. I shall assign Mr. Yeagley to the Central Research Desk, which desk is greatly in need of additional manpower if we are to properly execute our responsibilities with respect to the working responsibilities of that desk. (It is my understanding that the Inspector is in thorough agreement with this view.)

As regards the foregoing, I desire to make the general observation that I feel it will militate against the interests of the Bureau if the aforementioned Supervisors are used on work other than Communist because through their supervisory experience here at the Bureau over the years on Communist matters and through the the medium of their extensive research project on the Brief they have developed a knowledge of the subject of Communism which far exceeds that of any men in the Bureau's service on the same subject, which knowledge can a fortiori best be put to use by assigning them in the manner indicated hereinbefore.

Mr. D. M. Ladd November 29, 1947

J. P. Coyne

SUPERVISORS LISH WHITSON
E. H. WINTERROWD
J. W. YEAGLEY

You will recall that the captioned Supervisors were removed temporarily from their assignments on Communist desks in order to assist in the preparation of the Communist Party Brief. Since we can now foresee the time of the completion of the Brief, I desire to make the following observations and recommendations relative to the future assignments of these Supervisors. (You will recall that we have hopes of submitting the Brief in completed form by December 31, 1947.)

Prior to their assignment to the Communist Party Brief, these Agents developed an extensive and detailed knowledge of the subject of Communism, which knowledge, of course, has been tremendously enhanced by the enormous amount of research which they have been doing on the subject during the past months. The knowledge which these Agents have built up can best be utilized to the advantage of the Bureau by continuing their assignments here at the Seat of Government on Communist work. Their capabilities as Supervisors are, of course, already very well known and in addition they have a very vital interest in their work in the Communist field.

In the light of the foregoing and in the primary interest of the Bureau from the standpoint of the value which will be derived therefrom, it is my thoroughly considered recommendation that if at all possible these Agents should continue supervising Communist work in the Internal Security Section. I, accordingly, recommend that the Bureau give consideration to assigning Mr. Whitson to Russian espionage, Mr. Winterrowd to the Communist Party, and Mr. Yeagley to the Central Research Desk.

Mr. Whitson has worked solely for the past seven years on Communist and Soviet espionage work and he is, therefore, particularly adapted to the assignment suggested for him. The field of Soviet espionage is a particularly involved one; our work in this field is extremely delinquent; and it is of paramount importance that if possible we assign the best men available to Soviet espionage work. I think, accordingly, that Mr. Whitson should be re-assigned to Soviet espionage upon the completion of the Brief.

JPC:TD:EW

Memorandum to Mr. Ladd

Mr. Winterrowd supervised the investigation of the Communist Party for several years prior to his assignment on the Brief and, with the possible exception of Mr. Mitson, he unquestionably has a better knowledge of the Communist Party than any man in the service of the Bureau.

Mr. Yeagley, in addition to his work on Communism in the Internal Security Section, had extensive supervisory experience on Communist work in the SIS Section. He, like Mr. Whitson and Mr. Winterrowd, has developed a very excellent knowledge of Communism and he has demonstrated his capabilities as a Supervisor in this field. I, accordingly, think that if possible Mr. Yeagley should be assigned to one of our Communist desks.

If the foregoing recommendations are concurred in, it will be possible of course to release other men from the Internal Security Section upon the completion of and approval of the Brief. In this connection, however, it should be specifically noted that even after the completion and approval of the Brief there will more than likely be a considerable amount of work to be handled on a continuing basis with respect thereto.

If the Brief is sent to the Department it can be assumed that the Department will make innumerable requests relative to it. In the meantime we will be developing additional information regarding the Brief which will necessitate changes therein. Likewise, it will be necessary that the Brief be kept up to date and supplemented with new information regarding the Communist movement. Conceivably, the handling of the Brief could consume the major portion of the time of one Supervisor. Therefore, it is my recommendation that the responsibility for the handling of the Communist Party Brief in the future be placed in Mr. Winterrowd who for several years has handled the Communist Party and who has been recommended hereinabove for reassignment to the desk handling the Communist Party.

In conclusion, I desire to make the general observation that I feel it will militate against the interests of the Bureau if the aforementioned Supervisors are used on work other than Communists, because through their supervisory experience here at the Bureau over the years and through the medium of their extensive research project they have developed a knowledge of this subject which far exceeds that of any men in the Bureau's service on the same subject, which knowledge can a fortiori best be put to use by assigning them in the manner indicated hereinbefore.

To: Mr. D. M. Ladd — December 10, 1947

From: J. P. Coyne

Subject: SPECIAL AGENTS - CAF-13

In the light of the return of the attached memorandum which I submitted to you on November 24, 1947, and of the request relayed at that time, this memorandum is submitted to record the fact that Super-visors W. J. Baumgardner and Joseph J. Meehan are the only men in the Internal Security Section who appear to be qualified technically for consideration for Grade CAF-13 under the terms of SAC Letter #146, dated November 18, 1947.

Mr. Baumgardner has already been advised that he has been recommended for increase in salary to CAF-13. Mr. Meehan has been recommended for reallocation to Grade 13 and it is my understanding that the Chief Clerk's Office is presently considering this recommendation. No specific recommendations are being made with respect to the other Supervisors listed in the attached memorandum in the light of the advice which you have received to the effect that they are not technically qualified under the terms of the aforementioned SAC Letter.

OFFICE MEMORANDUM • UNITED STATES GOVERNMENT

TO : MR. D. M. LADD DATE: NOVEMBER 24, 1947

FROM : J. P. COYNE

SUBJECT : SPECIAL AGENTS - CAF-13

Reference is made to SAC letter 146, dated November 18, 1947, wherein the respective Agents in Charge were advised of the fact that the Bureau was studying the possibility of instituting the policy whereby certain Agents in CAF-12 may be considered for CAF-13 positions. The conditions preceding this consideration were listed in this SAC letter and instructions were issued that the Chief Clerk's Office be advised of the identity of any Agents in CAF-12 who fall within the purview of the aforementioned SAC letter.

Please be advised that I have examined the personnel files of the Supervisors assigned to the Internal Security Section and have determined that there are two men who fall within the listed categories. These men, in the order of their standing, are listed hereinafter.

1. SUPERVISOR F. J. BAUMGARDNER

Mr. Baumgardner is the Number One man in the Internal Security Section. (Another memorandum has been submitted on Mr. Baumgardner, recording his efficiency, and recommending him for CAF-13. In the event independent action is not taken on that memorandum, it is my view that Mr. Baumgardner should be considered as the first man in the Internal Security Section to receive the increase from CAF-12 to CAF-13.)

2. SUPERVISOR JOSEPH J. HEFFRON

Mr. Heffron entered on duty as an Agent in January 1935. Before being transferred to the Bureau he served as a Supervisor in the field. His last three efficiency rating have been excellent and he is currently entitled to the efficiency rating of excellent. (A separate efficiency report is attached on Heffron.)

While the aforementioned men are the only ones who fall within the purview of SAC letter 146, I desire to direct your attention to the following for such consideration as is deemed appropriate.

In the Internal Security Section we have several supervisors who I think warrant consideration under this program, but who technically do not fall within the listed qualifications. These men include the following:

1. SUPERVISOR [illegible]

Mr. Fletcher entered on duty as a Clerk in June of 1935 and as an Agent in May, 1939. His last three efficiency ratings have been excellent. Mr. Fletcher supervised Espionage investigations during World War II and he is

currently the most outstanding Supervisor we have on Espionage work at this time. In view of his qualifications and specialized ability, it is felt that the Bureau may see fit to include him in the Grade CAF-13 category.

2. SUPERVISOR E. H. WINTERROWD

Mr. Winterrowd entered on duty as an Agent on July 15, 1940; his last three efficiency ratings have been excellent. For a period of several years, Mr. Winterrowd has supervised all field investigations fo the Communist party and his outstanding ability and specialized knowledged in this field prompts me torecommend that he likewise to considered for the Grade CAF-13 category.

3. SUPERVISOR WILLIAM V. CLEVELAND

Mr. Cleveland entered on duty as a Clerk in December, 1939 and as an Agent in July, 1942. He functioned for a considerable period of time as Assistant SAC before his transfer to the Internal Security Section. I consider him an excellent Supervisor at this time and therefore in the light of the aforementioned and particularly in view of his rather extensive service as an Assistant SAC, it is felt that the Chief Clerk's Office may desire to give this matter some consideration.

In addition to the foregoing , we have in the Internal Security Section several Supervisors newly arrived from the field who were assigned as full time Supervisors in the field. For such consideration as is deemed appropriate, the names of these Supervisors are listed hereinafter:

1. SUPERVISOR R. C. CODFREY

Mr. Codfrey entered on duty as a Clerk in July, 1933 and as an Agent in July, 1940. Included among his various assignments was that of Number One man to the Legal Attache in Mexico, as well as full time Criminal Supervisor in Los Angeles. His last three efficiency ratings have been excellent.

2. SUPERVISOR A. P. CLARK

Mr. Clark entered on duty as an Agent in December, 1940. Before he was transferred to the Bureau he was a full time Supervisor in the Field; his last three efficiency ratings were excellent.

If you agree with the foregoing, this memorandum should be referred to the Chief Clerk's Office for consideration .

OFFICE MEMORANDUM * United States Government

MLW: MW
100 - 267,360

TO: INSPECTOR GUERRA

DATE: October 2,1945

FROM: E. H. WINTERROWD, Special Agent

SUBJECT: PHILIP JACOB JAFFE, was etal
ESPIONAGE - C

This is a joint memorandum by the following Special Agents and Miss [redacted] FBI Stenographer, attached to the Washington Field Division:

CARL B. CHANEY	E. R. DONALDSON
KENNETH A. CLOW	E. H. WINTERROWD
GEORGE E. DAVIS	LAWRENCE G. ZANDER

Reference is made to the attached photostatic copies of various motions and a demurrer, as well as an affidavit of EMANUEL SIGARD LARSEN, filed in the District Court of the United States for the District of Columbia by ARTHUR J. HILLARD, attorney for LARSEN. In the affidavit made by LARSEN he makes a number of allegations relative to the activities of Special Agents on the night of his arrest, June 6, 1945. These allegations are separately set out hereinafter, following which are the statements made by FBI personnel with respect to the circumstances of each situation referred to in LARSEN'S affidavit.

1) "On June 6,1945, after arriving home from work in the States Department, I had just sat down to eat my dinner at about seven o'clock p.m., when there was a knock at the door. I went personally to open the door of my apartment and two men forced their way in with the words 'You are under arrest,' after asking me whether I was Emanuel S. Larsen. I was dumbfounded and asked them what I was under arrest for. They refused to answer my question but said that I would find out in due course.

They opened and displayed their badges and identified themselves as F.B.I. men. Two of them gave their names as Winterrowd and Zander.

In the meantime, about four other men walked in and the room seemed entirely filled with men. My wife and [redacted] daughter were practically speechless and I exercised the utmost self control in order to prevent my family from hysterics."

Agents ZANDER and WINTERROWD recall the following in this regard:

At 7:20 p.m. on June 6, 1945, Agents ZANDER and WINTERROWD entered the apartment of LARSEN, 227, 1650 Harvard Street, N.W., after having knocked on the door and been admitted by Mrs. Larsen. These agents asked to see Mr. LARSEN, whereupon Mr. LARSEN entered the

livingroom of the apartment from the dinette. Agents ZANDER and WINTERROWD then identified themselves to Mr. and Mrs. LARSEN by use of their credentials. Agent WINTERROWD stated to LARSEN that he had a warrant for the arrest of LARSEN and read to LARSEN the portion of the warrant for his arrest, which set forth U.S. Code Numbers, with which LARSEN was charged to have violated.

At approximately 7:25 p.m. Agents DONALDSON and CHAREY entered the LARSEN apartment and were introduced to the LARSENS as Special Agents of the F.B.I., whereupon they identified themselves. Approximately five minutes thereafter at 7:30 p.m., Miss [redacted] and Special Agent DAVIS entered the LARSEN residence and Special Agent DAVIS identified himself to Mrs. LARSEN, with his credentials. Agent WINTERROWD introduced Agents CHAREY and DONALDSON to LARSEN and his wife. Agent WINTERROWD at the time Special Agent DAVIS and Miss [redacted] entered the apartment was with LARSEN at the entrance of the hallway closet. Agent WINTERROWD then introduced Agent DAVIS and Miss [redacted] to Mrs. LARSEN. Shortly thereafter Agent DAVIS introduced himself and Miss [redacted] to LARSEN when he inquired as to who they were. b6 b7C

Immediately after Agent DAVIS and Miss [redacted] entered the apartment Agent DAVIS and Miss [redacted] conversed with Mrs. LARSEN, who expressed her desire to cooperate in every way possible. During the course of the entire evening Mrs. LARSEN spoke freely, and although she stated she was somewhat upset because of the events of the evening, she in no way appeared to be frightened or intimidated. Also, during the early part of the evening, and up until the time she went to sleep, [redacted] ran about the apartment and frequently approached her mother and asked questions as to whether or not she could go out and play and similar childish questions. At no time did she give the slightest indication of being upset or intimidated. b6 b7C

2) "The man mentioned by name then told me that they were going to make a search of the apartment occupied by me, namely, Apartment No. 227, at 1650 Harvard Street, Northwest, of which I was then and there in exclusive possession and control and occupied the same with my wife and daughter, having leased the same in my name as a tenant as of June 1, 1945, from the Harvard Hall Apartments, Incorporated.

They told me to hold up my hand and searched my person, asking me whether I carried any weapons. Two were in front of me and the rest of them behind me. As an illustration of the extent of my surprise, I may mention that I went through all this and discovered only twenty minutes later that I was about to choke on a morsel of food that I still had in my mouth unchewed. I did not carry any weapon and nothing was found on my person that required removal by them."

MEW:BGW
Bureau 100-276,360

Shortly after Agents ZANDER and WINTERROWD had identified themselves and LARSEN was read the warrant of arrest, LARSEN was told by Agent WINTERROWD that the warrant for his arrest provided legal authority for a search of his apartment for material pertinent to the substantiation of the charges against him.

At no time did Agents WINTERROWD or ZANDER or any of the other agents present, request LARSEN to hold up his hands. As a matter of fact, LARSEN was searched by Agent WINTERROWD a short time prior to leaving the LARSEN residence at 10:20 p.m. on June 6, 1945. Agent WINTERROWD was the only agent in the immediate vicinity of LARSEN when he was searched. Agent WINTERROWD asked LARSEN if he had any weapon in his clothes and felt on the outside of LARSEN'S trousers to the hip pockets and on both the inner and outside of LARSEN'S legs. No dangerous weapon was discovered.

LARSEN at no time during the first twenty minutes, or subsequently thereafter when he was in the presence of Bureau personnel, gave any indication whatsoever that he was carrying food in his mouth which had been unchewed or unswallowed.

3) "Immediately thereupon they asked me whether I had any files in my house. I answered that I did have private files, and they ordered me to take them to the files. When I opened the file case they asked me what was in the file case, and I told them that the case contained a mixture of strictly personal material and a number of papers, mostly published material, and some official papers pertaining to the work I had been doing for the Government almost ten years.

They asked me how it came about that I had official papers at my residence, and I told them that as far as I knew from ten years experience in the Government all men who were interested in their work pursued considerable study at home, inasmuch as official time often did not allow of the reading of lengthly reports. They asked me whether I had information relative to the national defence of the United States, and I was able to assure them that I did not.

When the agents started the search, I protested by asking why the H—— I had to have my personal and private files and clothes drawers searched. They had not at that time shown me any search warrant, nor any arrest warrant, nor did they at any time present any such warrant to me."

Agents ZANDER and WINTERROWD recall that LARSEN was questioned briefly by them as to his official position with the Department of State and

EW:EGV
Bureau 100-367,360

his previous employment. He was then asked if he had any official Government documents in his possession. He stated that he had and conducted Agents ZANDER and WINTERROWD to a hallway closet between the living-room and bedroom, where he pointed out a brown box type cabinet containing various manila folders and albums; a one drawer green steel file cabinet containing file jackets of a large number of documents; and a six drawer card index cabinet. After LARSEN had exhibited the containers in the hallway closet to Agents ZANDER and WINTERROWD he was asked if he had any additional material of this nature in his apartment. He then conducted Special Agents ZANDER and WINTERROWD to the bedroom of his apartment, where there were two closets to the east of the room on either side of a dresser. LARSEN showed Agents ZANDER and WINTERROWD the closet to the left of the dresser, which is in the Northeast corner of the bedroom. In this closet LARSEN pointed out a number of manila folders, books and albums, which he stated contained some Governmental documents of a classified nature. After items were seized by Agents ZANDER and WINTERROWD from this closet containing governmental documents LARSEN was asked by Agent WINTERROWD whether he had any classified governmental documents deposited in any other place in the apartment. At this time he emphatically stated he had no other classified documents in his possession.

LARSEN stated to Agents ZANDER and WINTERROWD in connection with his exhibiting the places where classified governmental documents were seized that he had private files and that much of the material contained in the folders were of a personal nature and were papers, mostly of published material. He also stated that he was in possession of classified Governmental documents and that he had used these in connection with his work. It is to be noted that among the items seized by Special Agents CHINEY, ZANDER and WINTERROWD there were a large number of classified governmental documents, many of which were dated in 1940 and 1942 and were indicated to be Office of Naval Intelligence copies or copies routed to the Office of Naval Intelligence.

LARSEN also advised Agents WINTERROWD and ZANDER that many men employed by the U.S.Government took documents to their homes for the purpose of carrying out their duties outside of official time. LARSEN also stated to Agents WINTERROWD and ZANDER that the documents he had in his possession did not include information pertaining to the National Defense of the United States.

It was observed by Special Agents CHINEY and WINTERROWD that as LARSEN was exhibiting various folders contained in the one drawer file cabinet, many of the folders were labeled as if papers and documents collected from time to time were placed therein for cataloging purposes. On a number of the folders there were printed such subject matters as "Rumania", "Personalities", "Larsen's Private File on Geographical Areas," "Mr. Larsen to Hold", "Japanese Forces - Report on China," "Larsen's References," and "China - Ports, Bases and Beaches."

EMW:BCW
Bureau 100-367,360

All of these folders contained one or more classified governmental documents.

Agent ZANDER and WINTERROWD recall that on no occasion did LARSEN state, "Why the H— I had to have my personal and private files and clothes drawers searched." On the contrary Agents ZANDER, CHANET and WINTERROWD recall that LARSEN was cooperative by designating the two closets in which he stated there were classified governmental documents. Subsequently in the evening under no protest whatsoever, he went through individual folders in the one drawer steel file cabinet and stated whether or not they contained classified governmental documents. This was in the precence of Special Agents CHANET, ZANDER and WINTERROWD and Miss [redacted] b6 b7C

At the time Special Agent Winterrowd read from the warrant of arrest to LARSEN, he was told that this warrant provided legal authority for a search of his, LARSEN'S, apartment for material pertinent to the substantiation of the charges against him.

4) I may add that upon repeated queries on my part as to why I was under arrest and as to why my apartment was being searched they answered again and again: You will find out in due course. Being unfamiliar with the legal procedure of arrests and searches, having never been subject to such before in my life, I was at a loss under the circumstances to take the right attitude in the matter or to know what to do in the matter."

Neither Special Agent ZANDER nor Special Agent WINTERROWD recall any repeated inquiries on LARSEN'S part as to why he was under arrest. After LARSEN had been taken to the Washington Field Office of the F.B.I., where he was fingerprinted and photographed he was then conducted to the conference room on the fourth floor, where the complaint filed before the Commissioner was read to LARSEN by Agents WINTERROWD. It was further explained that the offense constituted a violation of the Espionage Statute, as well as the Conspiracy Statute namely Section 31, Paragraphs C & D, Title 18, and Section 88, Title 18, U.S. Code

5) I had that day been treating myself for a sore throat and a rather violent headache, and there was a time during the search, I estimate at about eight-thirty, when my head was literally reeling. The agents allowed me to go to the kitchen and take a drink of water while they watched me, but they would not permit me to take an aspirin."

Special Agent WINTERROWD recalls that LARSEN requested permission to take some aspirin with him prior to leaving his residence enroute to the

NEW YORK
Bureau 100-267,360

Washington Field Division. He was refused permission to do this inasmuch as it is the policy of the F.B.I. not to permit subjects under arrest to take drugs of any nature while in custody. At approximately 8:45 p.m. on June 6, 1945, Agents WINTERROWD and ZANDER suggested that Mr. and Mrs. LARSEN might desire to eat something. LARSEN stated that he had not completely finished his dinner when Agents ZANDER and WINTERROWD arrived and that he could possibly eat a few bites. Mrs. LARSEN said she was not hungry. LARSEN was taken to the dinette, where he sat down and had a few bites. Subsequently, between approximately 9 p.m. and 9:45 p.m. LARSEN complained of his throat being dry and he was promptly afforded a glass of water by Special Agent CHANEY. Subsequently at approximately 10 p.m. when LARSEN and Agents ZANDER and WINTERROWD were about to proceed to the Washington Field Division Agent WINTERROWD asked LARSEN if the latter cared to have anything to eat, at which time he stated he would like to have a glass of milk. He was accompanied to the kitchen by Agent WINTERROWD at which time he drank a glass of milk. After LARSEN had been taken to the Washington Field Division and when he was in the conference room on the fourth floor, water was made available to him on several occasions by Agent ZANDER.

5) "Their questioning, first couched in a gentlemanly tone, later became extremely sharp and harsh, although I had from the start answered all their questions. One of the agents, a man, and a female agent, took my wife, Thelma Marles Larsen, out on the sun porch in the said apartment and questioned her. At one time I heard the questioning when I was brought back to the living room and from the bedroom, and she looked at me. She rose up from her seat and asked me whether I had any objection to her making a statement. I remember kissing her on the cheek and telling her to tell the truth, as I knew she would, and that otherwise I had no objection."

Agents ZANDER and WINTERROWD, who questioned LARSEN, emphatically state that no sharp or harsh questioning was engaged in and no intimidating language was made at any time. As a matter of fact on June 7, 1945, Special Agents ZANDER and WINTERROWD visited LARSEN at the District Jail. Upon Agents ZANDER and WINTERROWD parting company with LARSEN at the District of Columbia Jail, he stated to these agents that he appreciated the gentlemanly treatment which had been afforded to him, and that he might get in touch with one of these two agents later, indicating he might wish to supply additional information. b6 b7C

The allegation set forth above with respect to Mrs. THELMA MARLES LARSEN is substantially correct. Agent DAVIS started to interview Mrs. LARSEN in the presence of Miss [redacted] shortly after entering the living room of the LARSEN apartment. During the course of the interview Mrs. LARSEN ANNOUNCED her willingness to give a written statement. Thereupon Agent Davis upon securing permission to use an Underwood typewriter belonging

EHWinGW
Bureau 100-267,360

to the LARSENS, set this typewriter up on a small table immediately inside the entrance to the sunporch. Due to the crowded condition of this sun parlor it was necessary for Mrs. LARSEN to sit upon a chair which was placed on the threshold of the entrance to sun parlor. Mrs. LARSEN, after almost one page of her statement had been typed by Agent DAVIS, stated that she would like to consult her husband as to whether she should continue with the statement and as to whether what she had thus far told Agent DAVIS in the statement was all right. Agent DAVIS informed Mrs LARSEN that there was absolutely no objection and he handed it to Mrs. LARSEN. Mrs. LARSEN presented the typed portion of the statement to her husband, who had come into the livingroom. After reading it, Mr. LARSEN made a statement to the effect that everything she had said was correct and he had no objection to her continuing the statement and for her to tell the truth. Agent DAVIS thereupon resumed taking the statement from Mrs. LARSEN.

6) "I want to add emphatically at this time I was under great mental stress due to the unrelenting search and questioning that I was under myself, particularly by the two agents mentioned by name. The door from the apartment to the hall was opened from time to time, an agent came in, whispered instructions, and went out again. The rooms were littered with drawers, envelopes, books, and other material that was removed from filing cabinets, closets, and book cases.

At no time did LARSEN appear to Agents ZAHLER and WINTERROWD to be under mental stress and on the contrary he was most loquacious and went far beyond the point on many occasions to offer an explanation when answering a question. On several occasions Agent WINTERROWD recalls that he advised LARSEN that it would not be necessary to go on in his explanation with respect to the contents of various manila folders which LARSEN himself picked out of the file cabinet and proceeded to explain the contents of. This was at the LARSEN residence. Subsequently, during the time Agents ZAHLER and WINTERROWD questioned LARSEN at the Washington Field Division, he was advised by Agent WINTERROWD that it would not be necessary to continue on at great length with respect to particular explanations being made by him at the time.

The reference to LARSEN'S allegation that the door from the apartment to the hall was opened from time to time, and that an agent came in whispered instructions and went out again, at no time during the period when the agents were at the LARSEN apartment did any agents other than those individuals identified herein enter the apartment. It is recalled that an unidentified individual came to the door upon two different occasions and was subsequently identified as a representative of the press, who was advised that, upon having asked for Mr. and Mrs. LARSEN, that they were not available at this time.

At approximately 7:30 p.m., shortly after Agents WINTERROD and ZAUNER entered the LARSEN apartment, Mrs. LARSEN apologized to these agents for the states of disarray of their apartment. She said that they, the LARSENS, had just moved from another apartment, and it was observed by these agents that the apartment was in extreme disorder with books, pictures, household furnishings, and other personal belongings stacked in practically every corner. During the course of the evening, Agents ZAUNER and DONALDSON heard Mrs / LARSEN apologize on several occasions for the disorder of the apartment. Those items which were examined and not seized by the Special Agents were replaced when possible in the identical spot where they had originally been placed. Other items were replaced as nearly as possible in the position in which they were originally found.

7) "At one time while talking to two of the agents, I overheard two other agents talking in a whisper about the location of certain material. I recognized the location and the material by their description in that one of them said: Those OSS reports are in that second drawer, and thereby I realized that a previous search, obviously unauthorized by law, had been made of my apartment because on the occasion of this search none of the agents had previously been into the contents of that drawer."

Regarding the above allegation, at the request of Special Agent WINTERROD, Agents DONALDSON and CHANEY began an examination of a dresser in the bedroom located between two closets. It was noted at this time by Agents DONALDSON and CHANEY that Agents WINTERROD and ZAUNER, together with LARSEN, were in the room at this time and Agent WINTERROD asked LARSEN if he had any more confidential papers stored in any other place in the hallway and bedroom closets. To this, LARSEN replied in the negative. It was at this point that Agent CHANEY, while searching through the third dresser drawer, found a red manila folder containing classified governmental documents. This folder or envelope with the papers were shown to LARSEN and Agent WINTERROD inquired of LARSEN where this folder and the documents therein had come from. The reason LARSEN stated that he did not know how these had come to be placed "in there". It is to be noted that the red manila folder and its contents were the only classified governmental documents found in or on the dresser and these were found in the third drawer rather than in the second drawer, and at no time did Agents DONALDSON or CHANEY discuss individual Governmental documents in the folder. The only other item found in the third dresser drawer was a reddish brown book, possibly 9 x 12", which contained Chinese writing.

8) "In another instance during the search of my clothes closet in the bed room, one of the agents looked up on the top shelf and saw a leather case. Another one of the agents said to his colleague: That is alright; that is the case.

In the leather case concerned I have stored a

valuable Chinese vase. They could not have known of this unless they had previously searched the apartment then occupied by me or the apartment previously occupied by me in the same apartment house building, on the same floor, namely, Apartment No. 207, which I had occupied from August 1941, until June 1, 1945

> The realization of the privacy of my apartment having been violated made me extremely bitter as a result of which I felt very sick. Over a period of time I felt so sick that I do not remember to this moment what passed, probably an hour or so, nor what I said during that period."

While Special Agent WINTERROWD and LARSEN were conversing in the hallway closet Agent ZANDER recalls that he began to search the northeast bedroom closet, which is to the left of the bedroom dresser. Starting upon the top shelf, he opened a leather case which was provided with a lock but was at this time unlocked, and found that it contained a vase, well wrapped in cloth of some nature. He returned the vase to the container and replaced the container on the same shelf. Subsequently, Agent WINTERROWD returned to join in the search of this closet. While LARSEN, in the presence of Agents ZANDER and WINTERROWD was going through certain folders stored in this closet, Agent WINTERROWD pointed out the leather case on the top shelf, at which time Agent ZANDER assured him that he had just examined the contents of this container and found that it contained nothing more than a vase. LARSEN at this time indicated that it contained a vase which he valued very highly.

The above incident took place some time between 8 p.m. and 8:30 p.m. At approximately 8:30 p.m. Agents ZANDER and WINTERROWD, accompanied by LARSEN left the bedroom for the livingroom, and from that time until approximately 9 p.m. when LARSEN began to go through the one drawer green steel file cabinet there was absolutely no indication evidenced by LARSEN that he was ill or sick. Between 9 p.m. and approximately 9:50 p.m. LARSEN explained the contents of the green steel file cabinet to the agents, that is, Special Agents CAMPBELL, ZANDER and WINTERROWD, and Stenographer [redacted] b6 b7C At no time during this period do any of these persons recall LARSEN exhibiting any indication of sickness or making any statement that he was ill other than that his throat was dry.

> 10) "I recollect only vaguely that I shuffled from room to room at their orders and answered questions about files that they removed and spread all over the floors. This search went on until about twelve oclock midnight, at which time I was informed that I would be taken to F.B.I. Field Office, which is over here on K. Street.
>
> When we emerged from the partment house there were about

four cars parked around the doors and a number of agents standing by. I was so confused that I remember practically no details nor do I remember exactly the route we took or the manner in which we entered the F.B.I. headquarters."

With respect to the above allegation, LARSEN was accompanied by Special Agents ZANDER and WINTERROWD from his residence at 10:20 p.m., to the WASHINGTON Field Division. Between the time of approximately 10 p.m. to 10:20 p.m. prior to leaving the residence of LARSEN, he entered into a rather lengthly discussion as to how he had been falsely accused.

Upon leaving the apartment, Agents ZANDER and WINTERROWD accompanied LARSEN through the side entrance of the apartment building, where there were two F.B.I. cars parked. One car was used in taking LARSEN to the F.B.I. Field Division in the company of Agents ZANDER and WINTERROWD. The second car was used by Special Agent DONALDSON to carry the material seized from the LARSEN residence. The only other person near these two card was Special Agent WILLIAM [illegible]CH, who drove the car that carried LARSEN and Agents ZANDER and WINTERROWD to the Field Office. Agents ZANDER and WINTERROWD, with LARSEN, entered the F.B.I. Field Division at approximately 10:30 p.m.

11) "However, I remember that after we had gone up to the fourth or fifth floor I was to be fingerprinted and photographed. Immediately prior to the fingerprinting I do remember that one of the agents after examining my hands gave my right hand a twist which hurt me, and in surprise I asked him what was the matter. He did not answer me. Instead he asked me what was wrong with my third and fifth finger on my right hand. At the same time he ordered an entry to be made to the effect that I had two broken knuckles, whereupon the fingerprinting man proceeded to fingerprint me and the photographer took four pictures of me."

In regard to the allegation above, this accusation is entirely false. At approximately 10:35 p.m. Agents ZANDER and WINTERROWD brought LARSEN into the photographing and fingerprint room of the field office, where he was introduced to Special Agent CLOW. He was advised that it was desired to take his photograph and fingerprints. He was then asked to remove his coat, which he did, and to roll up his sleeves, and Agent CLOW proceeded to fingerprint his right hand. Noticing that the fingers of the right hand appeared to be somewhat deformed he was asked whether or not these fingers were broken. He replied yes, these fingers and practically all his fingers on both hands, had been broken while in China. Mr. LARSEN stated that he wrestled in the Chinese style and said that he would demonstrate. He then stepped back a

little bit and waved the palm of his right hand horizontally back and forth in the air in front of his person, saying that that was one of the methods of Chinese wrestling which he had engaged in and that it was this method that often caused him to break his fingers. Fingerprinting was again resumed after Agent WINTERROWD was advised to make a notation on the fingerprint card to the effect that certain fingers of LARSEN'S right hand were broken. It was stated to LARSEN at this time that if the handling of his fingers hurt him he should advise Agent CLOW. He replied that it didn't bother him at all, that these breaks were old and had toughened considerably. At no time was LARSEN'S wrist, either right or left, or fingers, treated to ensure a twist which would bring about pain. Both Agents WINTERROWD and ZANDER were present during the time that Agent CLOW asked Larsen whether or not the fingerprinting hurt his fingers.

12) "After that, I was taken into one of the rooms at the south end of the building, I believe, on one of the upper floors and there I was questioned. I sat at a wide desk and opposite me sat Agent WINTERROWD. He told me that whatever I said might be used against me and that I was to realize the importance of this, after which I begged him to let me know at this time what was being charged with, but he told me again that I would hear the formal charge in full detail at a later time.

He said he merely wanted to help me and that if I knew what was good for myself I would cooperate with him and give him the utmost help in his investigation and thereby take things easier for myself. His manner was harsh and demanding, and he maintained this attitude throughout three hours or more of unceasing questioning. I determined this time approximately by my arrival at midnight and my departure from the F.B.I. Field Headquarters immediately after questioning at about three-fifteen."

After LARSEN was fingerprinted he was conducted by Special Agents ZANDER and WINTERROWD at approximately 11p.m. to a lavatory on the fourth floor of the F.B.I. Field Division, where he made use of the facilities there and washed the fingerprint ink from his hands. At approximately 11:15 p.m. LARSEN was conducted by Agents ZANDER and WINTERROWD to a conference room on the fourth floor of the F.B.I. Field Division. LARSEN was seated opposite Agent WINTERROWD and to his right Agent ZANDER was seated. Shortly after this LARSEN was read the complaint which had been filed against him before the U.S. Commissioner. Agents WINTERROWD and ZANDER recall advising LARSEN that Section 31, Paragraph C & D, Title 18, constituted the Espionage Statute. He was also told that he would be taken before the U.S.Commissioner for arraigning next.

Agents ZANDER and WINTERROWD at no time recall that Agent WHITE had

was harsh or demanding of LARSEN but that all due respect was shown him. Agent WINTERROWD states that he sternly inquired of LARSEN as to why the latter could not remember details as to meetings of people, type of documents involved etc., when he could so readily recall other incidents which had occurred in his past and which he had been explaining at great length to the agents.

On a number of occasions LARSEN in replying to questions would go into great detail and go off on tangents to the point where, on several occasions, Agents ZANDER and WINTERROWD recall advising LARSEN that it would not be necessary to go further in explanation of irrelevant matters. At approximately 2:20 p.m. on June 7, 1945, LARSEN began reading the statement which he had dictated and after making several minor corrections and initialing each page, he signed it. At approximately 2:45 p.m. LARSEN was conducted to the office of U.S. Commissioner WILLIAM C. RUEHAUS by Special Agents ZANDER and WINTERROWD, accompanied by Special Agent in charge GUY HOTEL, who drove the automobile.

> 13) "Up to this time I had had nothing to eat since noon time and having suffered with a headache all day, I had practically eaten no lunch. I just took a glass of milk and a sandwich and that is all I had had the whole day."

Agents ZANDER and WINTERROWD recall that at the time they entered the LARSEN apartment, it appeared to them that LARSEN had arisen from the dinette table to talk to the agents. Subsequently, at approximately 6:45 p.m. Agents WINTERROWD and ZANDER suggested that Mr. and Mrs. LARSEN might desire to eat something. LARSEN said that he had not completely finished his dinner when the agents had first arrived and he could possibly eat few bites. Mrs. LARSEN said she was not hungry. LARSEN was accompanied to the dinette by Agent WINTERROWD, where he sat down and had a few bites. Subsequently, at approximately 10 p.m. LARSEN was asked by Agent WINTERROWD if he cared to have anything to eat, at which time LARSEN stated he would like to have a glass of milk. He was accompanied to the kitchen by Agent WINTERROWD, at which time he drank a glass of milk and it is recalled that he had a piece of what appeared to be brown bread or a cookie.

> 14) "Mr. Winterrowd had before him a list which appeared to be questions arranged in a very systematic formation. Therefore every question embarrassed me to the utmost in the matter of exact dates and numbers of occasions and other details, of which no person normally keeps any record. Under my condition at that time I was still less able to remember offhand such dates and details, and being for the moment in the agony of hunger and exhaustion from questioning. To summarize the causes of this exhaustion, I must make it emphatic that I stood on my feet for almost five hours and bent over

files and drawers placed on chairs and the floors in my apartment."

The list of questions which are referred to in the above allegation was typewritten copy of a chronology of activities on the part of LARSEN in meeting with persons such as PHILIP JACOB JAFFE, ANDREW ROTH, and others. This information was in its entirety acquired by physical surveillances on the part of Special Agents of the F.B.I. LARSEN, when asked to advise under what circumstances he had been with JAFFE and what, if any, were the type of documents furnished to JAFFE, was not able to remember any dates or details or descriptions.

At no time did LARSEN exhibit any agony or state that he was ill or exhausted. It is Agent ZARNER and WINTERROWD'S definite recollection that during the period they were with LARSEN, from the time they entered his residence to the time he was taken to the office of the U.S. Commissioner, the only time he was on his feet was at his residence, at which time he was pointing out places where classified governmental documents were maintained or when he was explaining the contents thereof. At intervals during this time LARSEN was seated. It was LARSEN'S own desire that prompted him to stand on his feet inasmuch as a chair was available for him to sit on had he wished to do so.

15) "At the F.B.I. headquarters I was not allowed to relax for a single second. I would have given anything to lay my head down on my arms and obtain sufficient rest to gather my wits. I debated with myself in favor of the easiest way out, namely, to answer all questions with as little arguing as possible to get it over with. Foremost in my mind of all things was the matter of getting it over with and getting out of that place. I really did not care very much where I was to go as long as I could get out of that place."

Agents ZARNER and WINTERROWD recall that during the course of the questioning at the F.B.I. Field Office LARSEN was seated in a chair of comfortable proportions. He was offered the facilities of the lavatory and water was made available to him for his use. During the time of his questioning, prior to dictation of his statement, LARSEN assured Agents WINTERROWD and ZARNER that he wanted to cooperate to the fullest extent and that he had no reason to withhold any information and that he was convinced that whatever the charges were they were baseless and that the matter would subsequently adjust itself.

16) "Around three o'clock I had worn out two stenographers who had complained that they could not carry on any longer, and a third lady was brought in. This had the effect on me of creating a sense of complete hopelessness. I remember practically nothing of the last part of the questioning, except that I was taken with an

EDWARDS
Bureau 100-267,360

Obsession that I must get out of that office as soon as possible. This was the result of the high pressure methods they used on me, namely, allowing me little time to answer questions, prodding me to deliver answers as snappily as they read the questions off the yellow sheet lying on the table.

At one time on of the agents resorted to a sort of flattery, stating that they could not imagine that a man with my education and background and with my specialty as demonstrated through the work they had seen on my personality cards and papers would be guilty of serious charges, and that they therefore said they wanted me to understand that if I talked freely I would indirectly be aiding my case."

It had been pre-arranged to have several F.B.I. stenographers available in the event a statement was to be dictated. In order to expedite the transcription and typing of the statement, several stenographers were used in the dictation. During the time that LARSEN was dictating his statement three stenographers were used. He perused the completed typed statement very carefully, questioned certain items, made corrections, and he was given ample time to do this. His conversation was normal and he appeared to be in no hurry and gave no indication that he was tired.

No "high pressure methods" were used at any time and LARSEN was given ample time to answer all questions. The yellow sheet of paper referred to in the above allegation is one on which Agent WINTERROWD made longhand notes with respect to statements made by LARSEN prior to the dictation of his statement.

At no time did Agents LANDER or WINTERROWD STATE that they could not imagine a man with LARSEN'S "education and background.....would be guilty of serious charges and that if he talked freely he would be indirectly aiding his case." On one occasion Agent WINTERROWD recalls stating to LARSEN that he could not understand why a man of LARSEN'S seeming intelligence could not recall more specifically details as to places, people and events.

17) "On other occasions during their cross-examination of me the agents said to me that if I knew what was good for myself I would cooperate freely with them by telling them everything I knew and answering their questions in detail. The tone of voice in which this was said to me reminded me of the rough and cheap treatment given ignorant persons who would not

on their own accord normally tell the truth or answer questions voluntarily.

I resented this attitude and told Mr. Winterrowd that I was definitely aware that he did not believe what I said and that it infuriated me. He refused to reply to that. He resumed his questioning only to make it more pointed and the prodding more unpleasant and threatening."

Absolutely no threats or promises were made to by either Agent ZANDER or WINTERROWD to LARSEN. Agent WINTERROWD recalls that LARSEN stated that he, LARSEN, did not believe that WINTERROWD believed what he was saying. This pertains to LARSEN'S statement that he could not recall specific details. Agent WINTERROWD further recalls that he did tell LARSEN that he, WINTERROWD, did not believe LARSEN. Agents ZANDER and WINTERROWD do recall making pointed questions to LARSEN with respect to details such as persons, events and documents. However, no "prodding" or "threatening" was engaged in by either agent.

18) "While I was leaving the apartment I remember one thing, namely the progress the agents were making in the packing and removal of my files, including a six drawer wooden cabinet containing several thousand personality cards which I had been collecting as a hobby since 1920, measuring four by six inches, and also my per-sonal and private typewriter.."

During the time LARSEN was explaining and exhibiting various folders containing classified governmental documents at his residence Special Agents ZANDER and WINTERROWD recall seeing notations, usually in red pencil on classified governmental documents. These notations were the following "Pers. card", and "entered" giving the impression that material from the particular document on which the notation was made had possibly been placed on the personality cards maintained by LARSEN. Subsequently, LARSEN stated to Agents ZANDER and WINTERROWD that from ten to twenty percent of the information contained on these cards was obtained from classified governmental documents.

Agent GAGNEY seized LARSENS typewriter for possible use in comparison purposes.

19) "After the questioning at the F.B.I. Field Headquarters I remember seeing a typewritten transcription of the statements I had made in answer to the said questioning. I remember correcting errors which were outstanding. In the making of the statements I was considerably excited

omitted at times when I noticed that the stenographer was putting down what Mr. Winterrowd was saying and not what I was saying, and he would precede such sections in the report with 'Put this down,' and I objected with the words: 'Who the H—— is making this statement, you or I? It was as a result of this that I was obliged to object to a number of things that were quite faulty in the statement when they showed me the typed transcription."

Agents ZAMBER and WINTERROWD were present at the time LARSEN read his statement, which he dictated in detail. He was noted to make certain corrections thereon and he initialed each page and signed it at the end.

On several occasions Agents ZAMBER and WINTERROWD recall that it was necessary to interrupt LARSEN during the dictation of his statement in order to clarify points or to advise him that it would not be necessary to insert irrelevant and extraneous matter, which would lengthen the statement to considerable proportions. At no time did LARSEN exhibit any disagreement with any of the interruptions and on no occasion did he make the statement, "Who in H—— is making this statement, you or I?" The only objections evidenced by LARSEN to his statement prior to signing it were several typographical and grammatical errors, which he corrected by fountain pen. These totaled five, two of which involve adding additional words to clarify a sentence, and the other three involve change in spelling of three different words.

20) "I do not recall signing the typewritten transcription but I recall correcting parts of it, immediately after which I was taken downstairs. Then I recollect riding in a car with the agents and being taken up to the U.S.Commissioner's office. I may have been unduly worried during that ride for I recollect absolutely nothing about the number of people in the car, the route taken, nor whether I was handcuffed or not. I do not remember anything about it. I do not remember whether I sat in the front seat or the back seat. I do not remember anything.

I do remember that we were obliged to walk upstairs three of four floors to the U.S.Commissioner's office, and the exercise caused a genuine revival of my mental faculties. I also remember remarking that at that time my headache had disappeared but that I felt completely depressed and dumbfounded. Sitting in the anteroom of the Commissioner's office I was startled by the flash of the photographer's bulb. Then I realized that next to me was sitting John Davis Service and Andrew Roth. I turned to John Service and asked him in Chinese what this was all about but received no answer."

EHS:RFW
Bureau 100-267,360

With respect to the above allegations, Agents ZAADER and WINTERROWD personally observed LARSEN sign his statement and thereafter signed their own names as witnesses and this was done after LARSEN had spent considerable time reading and making certain minor corrections in the statement.

> 21) "When we were taken before the Commissioner and there was a peculiar situation. There was a great discussion around his desk as to the meaning of the charges being preferred against us, and while we were being taken in I overheard the Commissioner say: I will be darned if I still understand what these men are being charged with. Thereupon some one lifted the top sheet of the papers that were placed before the Commissioner and showed him on a second page where the charges had been spelled out in some detail, and that indeed was the first time that I heard read off a piece of paper, although not actually directed at me, the charges upon which I had been arrested, namely, conspiracy to violate the Espionage Act.
>
> The shock of that charge was so terrific that I had difficulty in my speech when soon after the Commissioner repeated the charges, set bail at ten thousand dollars, and I attempted to make him reduce the bail. I literally was unable to speak at that time. I did enter a plea of not guilty and thereupon was swiftly taken downstairs, handcuffed to one of the persons involved. I think it was John Service."

At approximately 3:15 a.m. on June 7,1945, LARSEN was escorted to the private office of U.S.Commissioner [redacted] where the charges were read, where he was arraigned, after his arraignment he was turned over by Special Agents ZAADER and WINTERROWD to the custody of the U.S. Marshal. At no time was LARSEN handcuffed by agents of the F.B.I.

> 22) "From the time of my arrest, about seven p.m. on June 6, 1945, throughout the night and until after I had been arraigned before the United States Commissioner, I was without the advice of counsel and without opportunity to obtain the advice of counsel, and without opportunity to communicate with friends or relatives. They would not even allow me to talk to my wife without the presence of officers. When I said Good-bye to her, I tried to say a few comforting words to her, but they pulled me away and they said: Come on; let's go.
>
> They did not even give me the opportunity to undress properly and place in her bed my small daughter. I was

her
permitted to pick up from a chair at midnight where she had fallen asleep in pitiful disarray, pale and tired, surrounded by an unsightly litter of open drawers, books, papers and other debris. I merely lifted her from that chair and put her into her little bed, without opportunity to undress her.

My wife at that time was being held in another room and was not permitted to move freely about the apartment."

At no time while LARSEN was in the custody of agents of the F.B.I. did he request the advice of counsel, nor did he request permission to communicate with friends or relatives. He did not request to talk to his wife without the presence of officers. He was not pulled away from his wife. There was no physical contact made with him at any time other than the search described above, and the fingerprinting of LARSEN. He was never urged to leave the apartment in a hurry.

With respect to the allegations involving LARSEN'S daughter, the following is set forth:

During the course of the events described above, which transpired at the LARSEN residence, [redacted] was at the apartment at all times. She was treated with all respect and courtesy at all times by all of the above named persons.

Agents HITCHCOCK and ZAHLER recall that between 6:00 and 6:30 p.m., while they were in the bedroom of the LARSEN apartment with LARSEN, [redacted] on numerous occasions asked her father childlike questions. Whereupon Agent HITCHCOCK suggested to LARSEN that he might wish to see that [redacted] went to her mother in view of the fact that she might possibly misunderstand what was going on and become frightened. LARSEN told his daughter to go to the livingroom, where Mrs. LARSEN was with Special Agent DAVIS and Miss [redacted]

b6
b7C

It was observed by Miss [redacted] and Agent DAVIS that until approximately 9:15 p.m., [redacted] frequently came up to her mother and asked numerous questions, such as whether or not she could go out and play and also as to what the agents and Miss [redacted] were doing there. Mrs. LARSEN reassured her daughter that nothing was wrong and told her to sit down and play and be quiet. Soon after Agent DAVIS and Miss [redacted] entered the apartment LILLIA opened the door and stood in the doorway as if to leave. At this point Miss [redacted] went up to [redacted] and asked her if she didn't want to come in and play with her toys. Thereupon [redacted] procured some nursery books and Miss [redacted] sat on the couch with [redacted] and went through the books with her.

b6
b7C

17

This lasted for approximately 15 minutes. It was noted that [redacted] ceased to approach her mother shortly after 9 p.m. and she did not again enter the living room of the apartment.

At approximately 9:15 p.m. [redacted] came to the bedroom, where Agent DONALDSON was searching the bedroom, crawled up into a club chair, and started to go to sleep, whereupon Agent DONALDSON suggested that she go to her mother and ask to be put to bed. [redacted] left the room and returned a few minutes later and again crawled into the club chair and stated, "I guess I'll go to sleep here." Agent DONALDSON suggested that she get into her crib, whereupon [redacted] replied that she couldn't sleep in the crib until her mother changed the bedding as the cat had wet the bed. [redacted] was again advised to go to her mother and ask to be put to bed. She did not wish to do so. Then Agent DONALDSON suggested that he be permitted to put her to bed in her mother's bed. She declined to do this and prepared to go to sleep in the chair. In a few minutes she was asleep and Agent DONALDSON covered her with a small blanket taken from the crib. b6 b7C

Agent WINTERROWD recalls that at the time LARSEN went into the bedroom at approximately 9:45 p.m., he observed that [redacted] was asleep in the large chair near the bed. Agent WINTERROWD suggested to LARSEN that he place her in her crib, which was in the bedroom near the chair. This LARSEN did after taking off [redacted] shoes. He thereupon covered her with a blanket and turned the lights out upon leaving the bedroom. b6 b7C

During the time the above named agents and Miss [redacted] were in the LARSEN apartment no incident occurred involving any harsh words spoken to [redacted] or any mistreatment of any sort. The only time any physical contact was had with [redacted] by any of the agents or Miss [redacted] was when [redacted] was on Miss [redacted] lap to look at the nursery books and when Special Agent DONALDSON placed the cover over her while she was in the chair. b6 b7C

It was observed by Special Agents ZAMM and WINTERROWD during the period they first talked to LARSEN, advising him of his arrest, that the dinette table was set with food, some of which had been partially eaten. A short time thereafter within a half hour or so [redacted] was observed at the table eating, and at this time the household cat was also observed on the table. Subsequently, during the course of the evening, until the time [redacted] went to sleep, Special Agents CHAMM and ZAMM and Miss [redacted] observed [redacted] on several occasions eating food from the table in the dinette. b6 b7C

With respect to the allegations set forth above that LARSEN'S wife was being held in another room and not permitted to move freely about the apartment, this is absolutely false and inaccurate. During the time that Agent DAVIS took a typewritten statement from Mrs. LARSEN, Agent DAVIS recalls that he was seated immediately inside the sun room and Mrs. LARSEN

was seated at the threshold between the sun porch and the livingroom. At no time was any duress or strong words used in this interview. Mrs. LARSEN was at liberty to move freely and at no time did she indicate in any way that she was seated in that position against her will or that the statement was being given against her will. The major part of the interview with Mrs. LARSEN took place in the livingroom of the apartment and at no time was any attempt made to separate Mrs. LARSEN from her husband or her child; nor was any attempt made to restrict her movements in any fashion whatsoever. Mrs. LARSEN talked freely and frequently stated she desired to cooperate in every way possible. Toward the end of the time during which the typewritten statement was taken, this being at about 10:45 p.m., Mrs LARSEN asked permission to go to the bathroom and Agents CHARLEY and DAVIS immediately granted this permission. Just as Mrs LARSEN was about to enter the bathroom she made a remark to the effect that she did not have any poison and that the agents need not worry, that she did not intend to commit suicide. At this point it was suggested that Miss [redacted] by Agents CHARLEY and DAVIS that she enter the bathroom with Mrs. LARSEN. Miss [redacted] immediately entered the bathroom and remained there until Mrs. LARSEN came out. b6 b7C

23) "In the F.B.I. Headquarters they removed from my person my wallet, all my identification papers, a small pocket knife that they had previously overlooked in the search for a weapon, my fountain pen, my comb and my glasses- everything.

Without my glasses I was unable to read. They returned my glasses to me at the time when they wanted me to look over the transcription of the questioning, and I held on to these glasses throughout the subsequent period of my imprisonment."

The personal effect of LARSEN were taken from his clothes, after he was fingerprinted and photographed. With the exception of his glasses which were not removed from his person, an inventory was made of this material and LARSEN signed it. This material was subsequently turned over to the U.S. Marshal's Office by Agent WINTERROOD and an appropriate notation was made by the U.S.Marshal's Office that it had been received.

24) "I remember that in the statements supposedly made by me the introduction and the final paragraph were completely dictated by Mr. Winterrood. He said: This is necessary because you do not understand and you may not get the wording of these technicalities right.

WINROW
Bureau 100-267,360

Special Agents ZANDER and WINTERROWD recall that prior to LARSEN making his signed statement, Agent WINTERROWD stated that LARSEN was under no compulsion to give this statement and furthermore, that if he would make this statement, it could be used against him in a court of law.

LARSEN then proceeded to dictate his statement in its entirety. After LARSEN had dictated the material up to and including the last paragraph, it was pointed out to him by Special Agent WINTERROWD that if LARSEN considered the statement to be truthful transcription, he LARSEN, might desire to incorporate a statement to this effect in his statement. He did this by dictating the last paragraph.

25) "In going through my books in my apartment the agents found several small CHINESE volumes and asked me to tell them truthfully what the interpretation of the title on the cover would be. I did so, and in one instance in the case of a small red volume, I said: This is a book in which the Chinese Communists have tried to make clear their stand. They looked at me in great disgust, and I spared no details in making it clear to them that as an analyst of Chinese affairs I was called upon to study the position of all parties in China and report on them, and therefore the possession of Chinese Communist propaganda meant absolutely nothing. I had partially read that book in the hope of finding in it the names of the principal Chinese Communist spokesmen, but failing to do so and thus failing to gain any material that I might enter in my biographical cards, I had discarded the book as practically useless to me."

With respect to the above, at no time did any of the F.B.I. personnel who were present during the arrest of LARSEN and search of his apartment make any observations concerning the content of any printed material and at no time did any person exhibit any disgust to LARSEN.

26) "I have never been in any litigation, and therefore I do not know the details concerning my constitutional rights. I have spent twenty-four years of my live in China and five years in Europe. That makes twenty-nine years abroad leaving me only ten of my adult years in the United States and about eight years in my childhood.

A partial inventory of the files, documents, papers, goods and chattels seized by agents of the Federal Bureau of Investigation from my apartment at 1650 Harvard Street, Northwest, District of Columbia, June 6th and 7th, 1945, is

MFW:DGW
Bureau 100-267,360

hereto appended as Exhibit A and by reference incorporated in and made a part of this affidavit.

My full name is EMANUEL SIGURD LARSEN. I have no other name and never had any other name, except the nickname 'Jimmy' by which some of my friends, relatives and fellow workers have called me from time to time. I have never used the name 'Jimmy Larsen' and have never been called by that name except among and by persons who knew my name was Emanuel Sigurd Larsen. I have never been convicted of any crime and have never associated with a criminal class. I am informed and believe and therefore say that the use in the indictment of the alleged alias 'Jimmy Larsen' is prejudicial to me, because when the indictment is read to the jury it might suggest to the minds of the jury that I have a criminal record or that I belong to or associate with a criminal class."

The above does not pertain to any F.B.I. personnel, and accordingly it is felt that the allegations were not meant to be made against Bureau personnel.

With reference to the allegation contained in the last paragraph of LARSEN'S affidavit, these allegations have already been handled by previous memorandum to the Department.

In accordance with your instructions, there is set forth below information which would indicate that Supervisor Winterrowd is eligible for reallocation to Grade CAF-13 under the Bureau's program which allows such reallocation for Special Agents who have been assigned to supervisory capacities for three consecutive years and who during that time have received excellent efficiency ratings.

Mr. Winterrowd was assigned as a Supervisor at the Seat of Government on November 18, 1941. He has served as a Supervisor continuously since that date to the present time. During the years 1945, 1946 and 1947 he received excellent efficiency ratings. It should be noted that for a number of months he worked exclusively in the preparation of the Communist Party Brief with Supervisors John W. Yeagley and Lish Whitson. During this period he exercised excellent judgment and used considerable initiative in resolving the many problems which confronted him in the preparation of the Communist Party Brief. His work has been above average and he has demonstrated his ability to produce results. This man's prospects for future advancement in the Bureau appear to be excellent at this time and he is potential SAC material.

It is suggested that this memorandum be forwarded to the Chief Clerk's Office in order that consideration may be given to reallocating Mr. Winterrowd from Grade CAF-12 to Grade CAF-13.

This man is available for transfer. He is also at the present time physically capable of performing strenuous duties.

This employee entered on duty as a Special Agent on 7-15-40 and on 4-1-43 he was reallocated to Grade CAF-12, $4600 per annum. As a result of two basic increases in pay, and two promotions under the provisions of the Uniform Promotion Act his salary in CAF-12 was increased to $6384 per annum. He is being considered for reallocation to Grade CAF-13, $7102.20 per annum.

On 3-31-45, 3-31-46, and 3-31-47 he was rated EXCELLENT.

By letter dated 11-8-45 he was censured by the Director for the poor judgment he had exercised in preparing a teletype which granted permission to establish a microphone surveillance on a dinner held 10-19-45, in New York City, at which there were present Norman Washington Manley, head of the Peoples National Party, Jamaica, and other Negroes. It was felt that he should have conferred with higher authority in the Bureau and obtained specific approval prior to taking the action which he did. However, it is to be noted that since this incident no further adverse criticism has been directed against this Agent and he has rendered excellent service to the Bureau.

On his 1948 Annual Efficiency Report Mr. Baumgardner rated him EXCELLENT and said he had been assigned to the Security Division since 11-18-41. For a number of months he had been assigned exclusively to the preparation of the Communist Party Brief along with Supervisors John Walter Yeagley and Lish Whitson. He presented an excellent appearance and was a conscientious, alert and aggressive individual. He had exercised excellent judgment and had used considerable initiative in the resolving of the many problems which confronted him in the preparation of the Communist Party Brief. His work had been far above average and he had demonstrated an ability to produce results. He was a loyal, sincere and dependable employee who had exhibited a thorough knowledge of Bureau policy as it applied to the duties assigned to him, and his prospects for future advancement in the Bureau appeared to be excellent and he was considered to be both ASAC and SAC material.

Mr. Winterrowd was assigned as a Supervisor in the Security Division on November 18, 1941 and developed into an outstanding Supervisor, being rated Excellent since March 31, 1945. He has been recommended on a long range basis for the position of Assistant SAC and SAC. He assisted in the preparation of the Communist Party brief. He presents an excellent personal appearance, is extremely conscientious, alert, aggressive, exercises excellent judgment, uses considerable initiative and it has been reported that his work has been far above average. Mr. Winterrowd was designated as Assistant to Mr. Ladd in July 1948.

Mr. Winterrowd is presently in Grade CAF 13, $7432.20 per annum. He occupies a position which is comparable to mine and Mr. Carlson's in your office, it being noted that Mr. Carlson and I are presently in Grade CAF 14. Mr. Winterrowd in his position as Assistant to Mr. Ladd transmits instructions to Section Chiefs in Grade CAF 14 and of course reviews the work submitted for Mr. Ladd's perusal from the various Sections. Mr. Winterrowd has never occupied a position as a Section Chief but he was selected for his present position by Mr. Ladd because of his demonstrated aptitude and ability while assigned to the Security Division.

3 FEB 5 1949

RECORDED - 146562-114

It is felt that the position which Mr. Winterrowd occupies is of sufficient responsibility and magnitude to warrant reallocating him to Grade CAF 14. Mr. Ladd and Mr. Glavin concur. There is attached a permanent brief of Mr. Winterrowd's file.

6 JAN 31 1949
